## 1. Lands and Buildings.

The Government of Mysore agree to the following conditions regarding the portion of the Parade Ground, west of St. Mark's Road Cross Road, which will be included in the Civil Station :—

(a) That the portion of the area now used as a Parade Ground for Ceremonial Parades (i.e., Proclamation, Birthday and other parades) will be maintained for this purpose by the Government of Mysore and always kept available for such use.

(b) That the portion of the area just south of the B.R.V. Buildings now used by the A.F. (I) for Drill purposes will be similarly maintained and kept available for such use.

(c) That the A.F. (I) will be permitted to remain in occupation of their Sports Ground and to continue to make use of it as in the past.

(d) With reference to sub-paragraphs (a), (b) and (c) above, that the military authorities and A.F. (I) are not required to obtain prior permission to make use of the areas and that no charges of any description will be payable by them.

(e) That the local military authorities will be the deciding authorities in regard to the limits of the areas required for the purposes referred to above.

2. The Government of Mysore agree to take over on retrocession the buildings ~~which now belong to the Defence Department~~ noted in column 1 of the schedule below and to pay ~~to the Defence Department~~ the value noted in column 2 ~~of the schedule~~. ~~thereof~~.

which now belong to the Crown

3. The Government of Mysore will pay for the erection of a new Treasury for the Administered Areas in the Residency Office compound and for the alterations required in the existing buildings in the compound to provide for the offices of the Administered Areas and the Cantonment Board and for a Police outpost and quarters. ~~The cost is estimated at Rs. 25,814.~~

4. The Government of Mysore will pay the cost of the erection of new Police buildings required for the Administered Areas and of the acquisition and provision of land required for these buildings, ~~which is estimated at Rs. 1,72,081~~. This has also been noted in Schedule 18—" Police ".

5. The furniture and equipment required for the Administered Areas offices, Treasury and Police Stations will be taken before retrocession from corresponding buildings in the Civil and Military Station and the Government of Mysore will provide new equipment for offices, etc., of the Civil Station where required.

6. All ~~Government~~ lands and buildings in the Civil Station (excluding railway lands) will be handed over free of cost to the Government of Mysore except the following lands and buildings which will continue to vest in the ~~Central Government:—~~ Crown :—

(1) St. Mark's Church and Churchyard.

(2) St. John's Church and Churchyard.

(3) European Protestant Cemetery, Hosur Road.

(4) European Roman Catholic Cemetery, Hosur Road.

(5) European Protestant Cemetery, Kalpally.

(6) Shoolay Post Office, Office of the Superintendent of Post Offices, quarters of the Superintendent, and Postal Inspection quarters, Shoolay, and the lands appurtenant to these buildings.

(7) The Head Post Office, the Central Telegraph Office and Telephone Exchange buildings and the compounds of these buildings.

(Please see also Schedule 9—"Validation of Titles and Acts of the British Government.")

## 2. Water Supply.

The Government of Mysore agree to the proposals set out in paragraphs 1 to 12 and in Annexures A to E inclusive of the Report of the Water Supply Committee, which is contained in Appendix I to this Schedule.

2. The Government of Mysore will subscribe to the Agreement contained in Appendix II to this Schedule.

3. The Government of Mysore agree that the work required for the establishment of the Cantonment Water Supply System and described in Annexure A to the Report of the Water Supply Committee, will be executed at their cost before the Water Supply Agreement comes into force. The work will be executed either by the Military Engineering Service, the Public Works Department of the Government of Mysore or the Public Works Department of the Municipal Commission of the Civil and Military Station, as is convenient, in agreement between the three Departments concerned. If any work is to be done by an agency other than the Military Engineering Service which will affect the distribution system of the new Cantonment, the work will be executed to the satisfaction of the Military Engineering Service.

4. The Government of Mysore agree to pay compensation to the Municipality of the Civil Station in consideration of the loss of revenue from the unfiltered water supply, which will be transferred to the Cantonment Board after retrocession. This annual subvention will be fixed at the time of retrocession at $\frac{19}{20}$ of the net revenue received by the Municipality of the Civil and Military Station from the unfiltered water supply system in the last full financial year before retrocession. The net revenue will be calculated by deducting from the gross revenue the cost of the maintenance and operation of the system. This formula will be reviewed in the year before retrocession.

5. The Cantonment Authorities will have access after retrocession to unfiltered water supply pipe lines in the Civil Station for maintenance and renewal. No connections will be made to such pipe lines without the permission of the Maharaja and the Crown Representative and no buildings will be built on them without the permission of the Crown Representative or his authorised agent.

6. The Cantonment Board will continue to supply the Madras and Southern Mahratta Railway Company at the Cantonment Station from the unfiltered water supply. If in pursuance of any agreement which they may make, they are bound to supply to the Railway Company water from other sources if unfiltered water from the Ulsoor Tank is not available, the Municipality of the Civil Station will supply such water from the filtered water supply as will enable the Cantonment Board to comply with their agreement with the Railway Company on terms to be settled by agreement between the Cantonment Board and the Municipality of the Civil Station.

7. The Government of Mysore will ensure that Central Government Offices in the Civil Station (including rented buildings used for Central Government Offices) will not be deprived after retrocession of the exemption from water-tax allowed before retrocession except with the concurrence of the Resident.

8. The Government of Mysore agree—

(1) to guarantee the continuance of an adequate supply of water to the Residency Area and gardens within it provided that if any large increase in the quantity of water is required in future which involves modifications and improvements to the storage of water and the method of supply, the cost of such special arrangements will be determined by a separate agreement;

(2) to guarantee that the terms and conditions under which water is now supplied (including the rates and conditions of taxation and other charges and all exemptions and special arrangements now in force in that regard) will not be altered to the disadvantage of a consumer of water in the Residency Area without the concurrence of the Resident;

(3) to guarantee that any advantage by way of reduction of taxation or other charges or in the conditions for the supply of water to the advantage of the consumer which are hereafter applied to consumers of water within the Bangalore Civil Station shall apply also to consumers within the Residency Area, subject to any corresponding obligations applicable to a consumer within the Bangalore Civil Station.

# APPENDIX I.

*Report of the Bangalore Retrocession Water Supply Committee.*

NOTE.—Amendments subsequently made by the Committee in view of changes in the boundary have been incorporated. The term 'Retroceded Area' used in the report has been corrected to 'Civil Station' in conformity with the terms used throughout the retrocession proposals.

Existing system.

1. The existing water supply to the Civil and Military Station of Bangalore is given under an agreement between the Maharaja of Mysore and the Crown Representative dated 2-8-1938 but in operation since 16-3-1933, whereby the Maharaja gives a supply of up to 2,500,000 gallons of pure drinking water a day at the High Ground Reservoir, Bangalore. Under a subsidiary agreement between the Crown Representative and the Municipal Commission of the Civil and Military Station, the Commission undertake all the responsibilities and obligations of the Crown Representative under the main agreement and the Crown Representative leases to the Commission, for the nominal rent of Rs. 5 a year, the distribution system in the Civil and Military Station.

This distribution system consists of 4 parts :—

(a) The original distribution system laid in 1898 at the cost of the Army Department (now superseded by the Defence Department) of the Government of India. This comprises the High Ground Reservoir, most of the larger mains and smaller mains in the old, central part of Bangalore.

(b) Additions to the original distribution made between 1912 and 1933, jointly at the expense of the Municipal Commission and the Defence Department, the former paying $\frac{2}{3}$ of their cost and the latter $\frac{1}{3}$.

(c) Additions made solely at the cost of the Municipal Commission.

(d) Additions made solely at the cost of the Defence Department.

In addition to the above filtered water supply system, there is a separate unfiltered supply from Ulsoor Tank. This supply is solely the property of the Municipal Commission who bought it from the Madras and Southern Mahratta Railway in February 1936.

General considerati for future supply.

2. The Committee considers that after a part of the Civil and Military Station is retroceded to the Mysore State, and the remainder is formed into a Cantonment, the Civil Station and the Cantonment should each have a separate distribution system. Each will be under a separate administration and it is not considered feasible for either to take over the present distribution system and give a satisfactory supply to the other. By reason of the steady growth of the Civil and Military Station, the present system is already barely adequate to supply the station. Further expansion of either part can only be met by improvements in the system, and the Committee is in complete agreement that each authority that will control such expansion should also control the supply of water to its own area and be responsible for its own improvements.

Essentials to secure separate supply systems.

3. To divide the present system into two separate parts, four things are essential :—

(a) To provide two separate and independent sources of supply from the High Ground Reservoir.

(b) To disconnect existing distribution mains at the points where they cross the boundary between the Civil Station and the Cantonment.

(c) To provide additional distribution mains to make good any loss of supply or pressure that such disconnections will cause.

(d) To arrange as far as is economically practicable that every part and building of the Civil Station will obtain its water from the Civil Station's supply system and that every part and building of the Cantonment will get its water from the Cantonment's supply system.

Separate sources of supply.

4. (a) To secure separate sources of supply from the High Ground Reservoir it is proposed that of the three principal mains, 16″, 15″ and 14″, at present distributing water to the Civil and Military Station, the 16″ and 14″ should be exclusively for the Civil Station and the 15″ exclusively for the Cantonment.

(b) At present the 15″ main takes off the 16″ near the High Ground Reservoir: it does not connect direct with the reservoir. It is not considered advisable or necessary to penetrate the reservoir wall to give it direct connection. It is therefore proposed to disconnect it from the 16″ main and to connect it to the by-pass, between the 16″ and 14″ mains, in the valve chamber just outside the reservoir. When water is issuing from the reservoir by either the 14″ or 16″ main it will thus have free access to the 15″ main through the by-pass. (Item 1 of Annexure A).

(c) The 15″ main runs along Infantry Road to its junction with Queen's Road, where it is cross connected by a 14″ main with the 16″ and 14″ mains referred to above. The 15″ main must be disconnected from this cross connection and continued by a new length of 15″ pipe (item 2 of Annexure A), to connect with another 15″ main which at present takes off the 16″ main at the junction of Cubbon Road, and Queen's Road, and runs East across the big maidan in the direction of Trinity Church. This latter 15″ main must be disconnected from the 16″ main.

(d) One other (main) disconnection is necessary before this main reaches the Cantonment boundary, namely, the 6″ main which takes off from it and runs North down Plain Street.

(e) The above work (with the addition of a few minor disconnections) will thus give a 15″ main, free from cross connections or branches, running from the by-pass in the valve chamber to the Cantonment boundary.

Disconnections on the Cantonment boundary.

5. In addition to the disconnections mentioned in paragraph 4 above there will be 20 disconnections at points where existing mains cross the boundary between the Civil Station and the Cantonment. A list of all 24 disconnections is given in Annexure B. (23)

Additional distribution.

6. (a) To make good losses of supply or pressure to parts of the Civil and Military Station that will be adversely affected by the disconnections referred to in paragraphs 4 and 5 above, additional distribution mains will be required, or, in some cases, a larger main will be required in place of an existing main.

(b) In the Cantonment the principal areas so affected are—

(i) Assaye Lines area, which at present gets its supply from a 6″ main along Cavalry Road.

(ii) Clive and Nilsandra Lines area, which at present gets its supply from a 5″ main along Hosur Road.

Both the above areas will, under the present proposed scheme, have to be supplied by a more circuitous route, via Trinity Church.

The principal items of additional distribution required in the Cantonment will therefore be an increase in size in the main leading from the point of supply to Trinity Church, and new mains to supply the Assaye Lines and Clive-Nilsandra Lines areas.

(c) In the Civil Station the principal parts adversely affected by disconnections are :—

(i) The part immediately North of Cubbon Road which at present is supplied by branches from the 15″ (Maidan) main.

(ii) The part in and immediately South of South Parade which is also at present supplied by branches from the 15″ (Maidan) main.

The principal items of additional distribution in the Civil Station will therefore be a new main along Infantry Road to supply area (i) above, and an increase in size of the present main along Queen's Road to South Parade to supply area (ii) above.

(d) New work required for this additional distribution, each item of which has been separately considered and approved by the Committee, is shown in detail in Annexure A under Cantonment, items 4 to 12, and Civil Station items 1 to 4(3)

All new mains are shown in red on the accompanying map. Increases in size of existing mains are shown on the map by the size of the new main being written in a red circle alongside the existing main.

Existing mains are shown in yellow (inside the Cantonment and green outside.)

7. In addition to the main disconnections referred to in paragraph 5 above, there will be, along the boundary of the Cantonment, houses which will have to be disconnected from the present supply main and connected to a different main so that houses in the Cantonment shall be supplied by a Cantonment main and houses in the Civil Station by a Civil Station main. Minor adjustments.

A list of these disconnections and reconnections for houses in the Cantonment is given in Annexure C. The cost of the work is shown at item 13 of Annexure A.

A similar list of houses in the Civil Station has not been prepared, for the number is negligible.

8. (a) It will be seen from the accompanying map that there are some parts or buildings of the Civil Station that cannot be economically supplied from the Civil Station distribution system. These are— Areas which cannot be supplied from their own system.

(1) Ulsoor, Knoxpet and Jougpolya villages.

(2) 4 Standposts in the area due East of Austin Town.

(3) Elementary School and an outside standpost, South of the junction Brigade Square Road. Lower Agram Road.

(4) 2 Standposts off the lower Agram Road, and North of Sonnenhalli.

(5) 3 Standposts in the village of Sonnenhalli.

(6) 2 Standposts in Dumlur village.

(7) 3 Standposts at the Hindu Burial Ground and Roman Catholic Cemetery (Kalpalli).

(b) Much the largest and most important of these is number 1. It is proposed that this area should be supplied from the Cantonment distribution system through a 6″ meter placed on the Cantonment boundary at the junction of Old Madras Road, and Gun Troop Road, the water supplied being sold by the Cantonment Board to the Civil Station Municipal Commission at the same rate as will be charged by the Board for bulk supplies to military areas. (Item 14 of Annexure A).

(c) The other six areas are at present supplied from the internal distribution systems of military areas. Meters exist. The water registered by them

is deducted from that registered by the military areas bulk supply meters. Payment for water consumed in these areas is made to the Civil and Military Station Municipal Commission by a water tax.

No charge is made by the Defence Department for the use of the mains in the military areas through which it passes.

It is recommended that this system of supply should continue (the Cantonment Board billing the Municipal Commission of the Civil Station for the water consumed), as long as the demand remains small.

Any extension to the distribution pipes in these areas should only be made with the consent of the Military Authorities in Bangalore Cantonment or by transferring them to another source of supply.

(d) The maximum quantity of water that will be given to these seven areas, and the minimum guaranteed quantity which will be paid for, should be laid down in an agreement between the Cantonment Board and the Civil Station Municipal Commission in the same way as will be done in the main agreement for supply of water to the Cantonment.

**Austin Town.**

9. From the map it appears that Austin Town also is so situated that it could not be economically supplied by the Civil Station distribution system, for it is shut in by the arm of the Cantonment leading to Clive and Nilsandra Lines. An arrangement similar to that proposed for Ulsoor, Knoxpet and Jougpolya could be made for Austin Town, but it is considered that it would be more satisfactory to connect it to the Civil Station system by means of an existing main running through the Cantonment across the narrow neck along Nilsandra Road.

No connections to this main would be made along the length lying in the Cantonment. The main would serve solely as a passage for Civil Station water, in a similar way to that by which it is proposed to convey Cantonment water by the 15″ main across "foreign" ground from the High Ground Reservoir to the Cantonment boundary. (See paragraph 4 above). The main would be under the control of and maintained by the Civil Station, in the same way as the 15″ main would be under the control of and maintained by the Cantonment.

**Measurement of water to the Cantonment.**

10. Although the point of supply of water to the Cantonment will be into the 15″ main just outside High Ground Reservoir, there is not at all times sufficient head of water at this point for the supply to be accurately measured by a meter. It is therefore proposed that a meter should be placed at the point where this main crosses the Cantonment boundary, i.e., on the maidan on the East side of St. Mark's Road. (Item 15 of Annexure A).

It will accordingly be necessary in the agreement for supply of water to the Cantonment to provide safeguards to ensure that this main shall be maintained so that leakage does not occur between the point of supply and the meter.

**Ownership of property.**

11. (a) It is considered that, after the division of the present distribution system into two separate systems and after the completion of the disconnections and new work referred to in preceding paragraphs, all the water supply property lying in the Civil Station, with the exception of the property referred to in paragraph 6 of the Main Agreement, should become the property of the Mysore State and all the water supply property lying in the Cantonment, with the exception of the main leading to Austin Town (see paragraph 9 above) should become the property of the Crown Representative.

(b) This will necessitate the transfer of the property of the Defence Department that will lie in the Civil Station to the Mysore State, and the transfer of the Civil and Military Station Municipality's property that will lie in the Cantonment to the Crown Representative. A list of the former is given in Annexure D and of the latter in Annexure E. Present depreciated values

have been shown against each item. These values have been calculated according to the age of the property at the percentages laid down by Army Headquarters for use in the Military Engineering Services, except that for house meters, the age of which varies, an average rate of Rs. 15 each has been allowed.

(c) Included in the list of Defence Department property to be transferred is an item for the pipes which it has been proposed shall be replaced by pipes of larger size and which will therefore become surplus to the requirements of the Cantonment.

(d) Included in the list of Civil and Military Station Municipality's property to be transferred is an item for the unfiltered water supply system from Ulsoor Tank. This will not lie wholly in the Cantonment, but for the reasons given in paragraph 12 below it is considered that it should be controlled and maintained by the Cantonment.

(e) It will be seen that the value of the Defence Department's property to be transferred is estimated at Rs. 2,27,830, and that of the Municipality at Rs. 46,535.

The difference between these two sums is Rs. 1,81,295.

The cost of the work proposed to make two separate systems is estimated at Rs. 1,46,000 (Annexure A).

The Committee recommends that the proposed new work should be carried out at the cost of the Mysore State and that the property referred to above should be transferred to the Mysore State and the Crown Representative respectively free of cost.

12. (a) The existing unfiltered water supply system supplies water by pump from Ulsoor Tank to— Unfiltered water supply system.

(i) a military Dhobi Ghat in Dickenson Road.

(ii) the Cantonment Railway Station.

(iii) the Collector's house in Residency Park.

(iv) No. 1 Murphy Road.

It also supplies water by gravity to—

(v) Dhobi Ghats in Kensington Road.

(vi) Polo Ground, Cambridge Road.

(vii) St. Albans, Kensington Road.

(i), (iv), (v), (vi) and (vii) above will lie in the Cantonment, as will Ulsoor Tank.

(b) The system was originally installed by the Madras and Southern Mahratta Railway. It was bought by the Civil and Military Station Municipality in February 1936 for Rs. 29,913, and an agreement was then entered into for a supply of water by the Municipality to the Madras and Southern Mahratta Railway. It has been recommended elsewhere that this agreement, which is still in force, should be taken over by the Cantonment Board.

(c) It is therefore considered necessary for the whole system also to be taken over by the Cantonment Board.

If this is done it will be necessary for the Cantonment Board to have access to the pipe lines for maintenance and renewal and it must be stipulated in an agreement that no connections shall be made to pipe lines that will lie in the Civil Station without the permission of the Maharaja and the Crown Representative and no buildings built on them without the permission of the latter.

(d) The agreement with the Madras and Southern Mahratta Railway has a clause under which, if water from Ulsoor Tank fails for any reason, water from "other sources" will be supplied.

At present these "other sources" are filtered water from High Ground Reservoir. If the Cantonment take over the agreement they will not be able to comply with this clause, for they will have no other source, or any means of getting filtered water to the Cantonment Railway Station. It will be necessary, if a regular supply of water is to be given to the Railway, for a second agreement to be made, between the Civil Station Municipality and the Cantonment, for the former to supply water to the Railway when water from Ulsoor Tank fails, such water to be paid for by the Cantonment at a rate to be agreed upon.

nts. 13. Before putting the proposals made in this report into effect it will be necessary to make the following agreements :—

(a) A main agreement between the Maharaja of Mysore and the Crown Representative for—

(i) the transfer of property proposed in paragraph 11 above ;

(ii) safeguarding the property of each that will lie in the territory of the other ;

(iii) the supply of water by the Maharaja to the Cantonment.

(A proposed draft agreement embodying the above is attached to this report marked Annexure F.)*

(b) An agreement between the Crown Representative and the Cantonment Board for the latter to take over the former's responsibilities and obligations under the main agreement, and supply the military areas with a specified quantity of water.†

(c) An agreement between the Cantonment Board and the Civil Station Municipality governing the sale of water by the Cantonment Board to the Civil Station Municipality.

(See paragraph 8 above), unless this is incorporated in the main agreement.

(d) An agreement between the Cantonment Board and the Defence Department for the maintenance and operation of the water supply within the Cantonment by the Military Engineer Services on behalf of the Cantonment Board until such time as the Cantonment Board shall have an adequate engineering establishment to do this work.

2.—For purpose of calculating the present value of the C.I. pipes in the ground, the rate of Rs. 8-8-0 per cwt. being the cost of pipes supplied to the Bangalore Water Supply Division, has been assumed as the original cost of these pipes.

3.—For purpose of calculating the present value of the G.I. pipes the present market rates have been taken as their original cost.

NOTE 1.—These pipes were laid year by year from June 1912 to the time of handing them over to the Civil and Military Station Municipality on 15th March 1933. An average of half of this period, that is, 20 years 9½ months or say 21 years plus 5½ years from March 1933 to end of 1938, i.e., total of 16 years has been taken for purposes of calculating their depreciation values. Assuming that ¾ of these pipes are in the Civil Station the value of the Military share in the Civil Station is Rs. 8,276 and the value of the Commission's share of pipes in the Military area is Rs. 5,515.

# APPENDIX II.

## MAIN AGREEMENT.

MEMORANDUM OF AGREEMENT made this day..... day of.....one thousand nine hundred and..... between His Majesty's Representative for the exercise of the functions of the Crown in its relations with Indian States (hereinafter referred to as the Crown Representative, which term shall include the Crown Representative, his successors in office and assigns where the context so admits) of the one part, and His Highness Sri Krishnaraja Wadiyar Bahadur, G.C.S.I., G.B.E., Maharaja of Mysore (hereinafter referred to as the Maharaja, which term shall include the Maharaja of Mysore and his successors where the context so admits) of the other part;

WHEREAS under an agreement dated.....between the Crown Representative and the Maharaja, the Maharaja has assigned free of charge to the exclusive management of the British Government, all lands situated within the limits specified and described in the first annexure to the aforesaid agreement being the lands comprising the Cantonment of Bangalore, and renounced the exercise of all jurisdiction in the lands so assigned;

AND WHEREAS the Maharaja has undertaken to supply all such quantity of filtered water from the Thippagondanahalli Reservoir and other sources to the aforesaid Cantonment at the High Ground Reservoir that the Crown Representative may require for use in the said Cantonment subject to a maximum of one million gallons per day;

Point of supply and standard of purity.

NOW these presents witness, and it is hereby mutually agreed between the parties hereto as follows:—

1. Subject to the terms and conditions hereinafter appearing, the Maharaja shall supply at the High Ground Reservoir filtered water suitable for drinking purposes conforming to the minimum bacteriological standard of absence of Lactose Fermenters in 50 c.c. and downwards, and to the chemical standard of total solids not exceeding 40 parts per 100,000 to be delivered in all such quantity as may be necessary for use in the said Cantonment subject to a maximum of one million gallons a day, the supply to be given into a 15-inch main connected by the by-pass in the valve chamber of the High Ground Reservoir between the 16-inch and 14-inch mains which lead directly from the reservoir and to be available up to the said maximum at all hours of the day and night when water is available in either the 16-inch main or the 14-inch main.

Measurement of quantity supplied.

2. (a) The quantity of water supplied shall be measured by means of a suitable 12-inch meter furnished, fixed and maintained in proper order and condition by the Maharaja at his own cost at the point where the said 15-inch main enters the said Cantonment.

Sealing meter.

(b) The said meter shall be sealed with two separate seals (one on behalf of the Crown Representative and the other on behalf of the Maharaja) and shall only be accessible and open for the joint inspection and examination by both the officers of the Crown Representative and the Maharaja duly authorised on their behalf.

Reading meters.

(c) The readings of the said meter shall be taken at least once a month and on the first day of each calendar month by the said officers and recorded by them in a register kept by the officer of the Maharaja for the purpose.

Evidence of quantity supplied.

(d) The readings of the said meter shall be conclusive evidence of the quantity of water supplied by the Maharaja to the Crown Representative:

Testing meter.

PROVIDED ALWAYS that the Crown Representative or his duly authorised officer may at any time by notice in writing require the Maharaja or his duly authorised officer to have a special test of the said meter carried out. Such test shall be carried out by the Maharaja or his officer within 10 days of the receipt of the said notice and after intimation in writing to the officer who sent

the said notice. The meter so tested shall be deemed to be correct if as a result of such test the said meter is found to be accurate within 2 per cent.

If the mean error exceeds 2 per cent, the quantity of water supplied to the Crown Representative for the calendar month preceding the month in which the said test is carried out and for the calendar month in which the said test is carried out shall be deemed to be respectively the quantities supplied for the corresponding calendar months of the preceding year; Provided that if the said test is carried out during the first year of this agreement the quantity of water supplied to the Crown Representative for the period from the first day of the calendar month preceding that in which the said test is carried out up to the day on which an accurate meter is installed shall be deemed to be the quantity of water recorded by the meter for those periods reduced or increased by the mean percentage of error of the said meter found in the said test above or below, respectively, a true reading.

Cost of test.

The cost of such tests shall be borne by the Crown Representative if the mean error amounts to or is less than 2 per cent and by the Maharaja if it amounts to more than 2 per cent.

If at any time the said meter shall cease to register correctly or is found or suspected to be out of order, the authorised officer of the Maharaja shall be entitled, after giving notice in writing to the authorised officer of the Crown Representative, to remove the said meter for examination and repairs provided a fresh correct meter is substituted in its place or the meter removed is rectified and replaced before the end of the month in which it is removed. The quantity of water supplied to the Crown Representative for the month in which the said meter is so removed shall be deemed to be the quantity supplied for the corresponding month of the preceding year; Provided that if the said meter is so removed during the first year of this agreement the quantity supplied for the month in which the said meter is removed shall be deemed to be the mean of the immediately preceding and the immediately succeeding months.

Purity of water.

3. The purity of the water in the High Ground Reservoir shall be tested at least once monthly, the test being carried out jointly by a duly authorised officer of the Crown Representative and a duly authorised officer of the Maharaja. If, after such joint tests the purity of the water supplied by the Maharaja is found to be below the standard specified in clause 1 above, the Crown Representative shall be entitled to recover, from the moneys due to the Maharaja for water supplied, the cost of purification up to that standard for such period as the water in the High Ground Reservoir remains below that standard.

In addition to the above tests, if the said officer of the Crown Representative shall have reason to suspect the purity of the water supplied by the Maharaja, he may at any time by notice in writing require the Maharaja or his duly authorised officer to have a special test carried out. Such test shall be carried out within 24 hours of receipt of the said notice. The cost of such test shall be borne by the Maharaja if the water is below the specified standard and by the Crown Representative if it is up to or above the specified standard.

Drought, accident, etc.

4. If by reason of drought, accident or other unforeseen circumstances beyond the control of the Maharaja, the Maharaja shall at any time hereafter be unable to supply to the Cantonment the quantity of water required by the Cantonment (up to the specified maximum of one million gallons per day), then so long as such inability shall continue the obligation of the Maharaja specified in clause 1 above shall cease:

Provided always that in no event shall the supply to the Cantonment be curtailed unless the supply to all other areas supplied from the High Ground Reservoir is proportionately curtailed, and provided also that in no event shall the supply to the High Ground Reservoir be curtailed unless the supply to other reservoirs supplied from Thippagondanahalli and other sources is proportionately curtailed.

The Crown Representative shall during such period of inability to supply be liable to pay for only such quantity of water as is actually supplied and not for the normally guaranteed minimum specified in clause 5 below.

Payment of water.

5. (a) The Crown Representative shall pay to the Maharaja for the water supplied to the Cantonment under the provisions of this agreement at the rate of annas 7·65 per thousand gallons:

Provided always that the Maharaja shall, subject to the provisions of clause 4, be entitled to be paid for a minimum average of 370,000 gallons a day in any month even if the quantity taken by the Cantonment falls short of the said minimum.

(b) The rate prescribed above shall be current for a period of five years from the date of the beginning of the supply under this agreement. After the said period of five years the rate shall again be fixed by mutual agreement between the Crown Representative and the Maharaja after taking into consideration such factors as capital cost, depreciation charges, revenue and working expenses, the rates of depreciation being determined in accordance with engineering practice.

(c) The money due on account of water supplied as aforesaid shall be paid within one month after the presentation of bills on behalf of the Maharaja. Each bill presented shall be for the water supplied during one calendar month. Supplementary bills correcting or adjusting earlier bills may be presented within one year of the date of presentation of the bill they correct or adjust, but if presented more than one year after the presentation of such bill they shall be invalid and the Crown Representative shall not be liable for the payment of such supplementary bills.

Transfer of property.

6. (a) The Crown Representative shall, at the beginning of this agreement, hand over to the Maharaja all that part of the water supply system which lies within the Civil Station of Bangalore with the exception of—

(i) the 15″ main from High Ground Reservoir to the Cantonment boundary,

(ii) the distribution pipes of the unfiltered water supply from Ulsoor Tank,

(iii) the portion of the proposed 15″ main where it lies outside the Cantonment boundary between Dickenson Road and Brunton Road,

(iv) the existing 3″ main along Brunton Road,

(v) the portion of the proposed 4″ main along Richmond Road between Brunton Road and Lower Agram Road,

(vi) the existing 8″ main along Kensington Road from Trinity Road to Ulsoor Rock,

(vii) the portion of the existing 4″ main along Cambridge Road which lies outside the Cantonment boundary,

which seven exceptions shall remain the property of the Crown Representative and shall be maintained and renewed by the Crown Representative at his own cost and expense, and shall be kept at all times in a proper, fit working state by the Crown Representative to the satisfaction of the Executive Engineer, Water Supply Division, Bangalore City:

PROVIDED ALWAYS THAT no pipe connections or other draw-off whatsoever shall be made to the said 15-inch main between the High Ground Reservoir and the point where the said main crosses the Cantonment boundary (at which point the meter, in accordance with clause 2, is to be fixed to measure

the quantity of water supplied to the Cantonment) either by the Crown Representative (or his agents) or by the Maharaja (or his agents) and that this main shall be used solely for conveying water from the point of supply at the High Ground Reservoir to the point of measuring the quantity supplied.

And provided also that no pipe connections or any other draw-off whatsoever shall be made to the said unfiltered water supply pipes that lie outside the Cantonment either by the Maharaja (or his agents) or by the Crown Representative (or his agents) without each first asking and obtaining the permission of the other.

And provided also that the Maharaja shall not hereafter permit the making of any building, road, fence or other impediment whatsoever that would in any way interfere with the maintenance or renewal of the said mains or of the said unfiltered water supply pipes without first asking and obtaining the permission of the Crown Representative so to do.

And provided also that the Crown Representative shall replace and make good at his own cost and expense in the same condition as before any existing ground or road that shall be dug, cut into or in any other way displaced.

(b) The Crown Representative shall also, at the beginning of this agreement, hand over to the Maharaja, free of all charges, that portion of the 5-inch main along Nilsandra Road that lies within the Cantonment, and the said main shall from that date become the property of the Maharaja and shall be maintained by the Maharaja at his own cost and expense and shall be kept at all times in a proper, fit working state by the Maharaja to the satisfaction of the Garrison Engineer, Bangalore:

PROVIDED ALWAYS THAT no pipe connections or other draw-off whatsoever shall be made to the said main that lies within the Cantonment either by the Maharaja or by the Crown Representative and that the said main shall be used solely for conveying water across the Cantonment from one portion of territory under the jurisdiction of the Maharaja to another portion of such territory.

And provided also that the Crown Representative shall not hereafter permit the making of any building, road, fence or any other impediment whatsoever that would in any way interfere with the maintenance or renewal of the said main without first asking and obtaining the permission of the Maharaja so to do.

And provided also that the Maharaja shall replace and make good at his own cost and expense in the same condition as before any existing ground or road that shall in the process of renewing or maintaining the said main be dug, cut into or in any other way displaced.

7. This agreement shall come into effect from the..... Date of effect.
day of.....one thousand nine hundred and....., from which date water will be supplied continuously for beneficial use at the point of supply specified in clause 1 from the Thippagondanahalli Reservoir and other sources through the High Ground Reservoir; and from such date the agreement dated the second day of August 1938 shall cease to be operative. This agreement shall be in force for five years and thereafter until either party gives to the other two years' notice of his desire to terminate it.

All questions or differences which may at any time arise between the parties hereto, touching these presents or the subject matter thereof, or arising out of or in relation thereto respectively, whether as to the construction or otherwise, the settlement of which has not been hereinbefore specially provided for, shall be referred to the decision of a single arbitrator to be agreed upon and appointed by the Crown Representative and the Maharaja, and the decision of such arbitrator shall be final and binding upon the parties hereto.

## 3. ELECTRICAL SUPPLY.

The Government of Mysore will subscribe to the three draft Agreements in Appendices I to III to this Schedule regulating the supply of electricity within the Mysore Administered Areas. These Agreements cover the portion of the Administered Areas formerly within the Civil and Military Station.

Arrangements for the supply of electricity to the remainder of the Administered Areas will be according to the arrangements in force before retrocession.

2. The officers of the Mysore Electrical Department will carry out their duties in regard to the supply of electricity in the Administered Areas under the authority of the Mysore Administered Areas Electricity Law.

# APPENDIX I.

## Main Agreement between the Crown Representative and His Highness the Maharaja of Mysore.

MEMORANDUM OF AGREEMENT made this day of One Thousand Nine hundred and between His Majesty's Representative for the exercise of the functions of the Crown in its relations with Indian States (hereinafter referred to as the Crown Representative, which term shall include the Crown Representative, his successors in office and assigns where the context so admits) of the one part, and His Highness Sri Krishnaraja Wadiyar Bahadur, G.C.S.I., G.B.E., Maharaja of Mysore (hereinafter referred to as the Maharaja which term shall include the Maharaja of Mysore and his successors where the context so admits) of the other part;

WHEREAS on the 28th day of January of 1907 a license cited as "The Bangalore Civil and Military Station Electric License, 1906" for the purpose of general supply of electrical energy in respect of the Civil and Military Station of Bangalore was granted by the Resident under the provisions of the Indian Electricity Act as applied to the Civil and Military Station of Bangalore, to the Chief Electrical Engineer to the Government of His Highness the Maharaja of Mysore;

AND WHEREAS under an Agreement dated between the Crown Representative and the Maharaja of Mysore the Maharaja of Mysore has assigned free of charge to the exclusive management of the British Government all lands situated within the limits specified and described in the Annexures to the aforesaid Agreement and has renounced the exercise of all jurisdiction in the lands so assigned;

AND WHEREAS the Maharaja has agreed to supply electrical energy to the aforesaid lands;

NOW THESE PRESENTS WITNESS, and it is hereby mutually agreed between the parties as follows:—

2. In this Agreement—

(a) "Supplier" means the Government of Mysore.

(b) "Area of supply" means the Bangalore Cantonment, the Residency Area and the administered Railway lands formerly within the Civil and Military Station of Bangalore; and the said areas are more particularly delineated upon the map in Annexure I to this Agreement and thereon coloured red.

3. The Supplier is empowered by this Agreement to supply electrical energy within the area of supply under the terms and conditions of this Agreement and of any subsidiary agreement made under it to the ~~Defence Department~~, the Cantonment Board and the public for all purposes except resale. The supply of energy to ~~the Defence Department~~ and the Cantonment Board shall be regulated by agreements subsidiary to this Agreement made between the Supplier and the ~~Defence Department~~ or Cantonment Board as the case may be. The supply of energy to the public is left to the option of the Supplier.

4. *General description of works and system of supply.*—Energy will be received at the Supplier's main transformer station in Bangalore City situated outside the area of supply and there transformed to a pressure of 2,300 volts, 3-phase, at a frequency of 25 cycles per second. The energy will then be transmitted over two or more 3 phase and single phase circuits at 25 cycles and 60 cycles to one or more sub-stations within the area of supply for general distribution at 2,300 volts and/or 440/220/110 volts for motive power and lighting purposes. These circuits will be equipped with automatic safety switches at the main transformer station in the City.

The sub-stations will be equipped with suitable apparatus for effective control of the general system of distribution. The street light is on the series incandescent system at maximum pressure of 8,000 volts and 25 cycles.

The lines may be underground or aerial in whole or part as the Supplier may desire.

Any other system or systems may be introduced hereafter with the consent of the parties to the Agreement.

5. *Maximum charges.*—The rates charged shall not exceed those in force for the adjoining municipalities in Bangalore as published from time to time in the "Schedule of Rates for the supply of electrical energy" published by the Electrical Department of the Mysore Government.

6. The Madras and Southern Mahratta Railway Company shall permit the Supplier to erect electric supply lines or cables over or under the Railway of the Administration at such places and on such terms and conditions as may be approved by the Chief Engineer of the Administration.

7. All acts done in the area of supply by the licensee in pursuance of the provisions of the Bangalore Civil and Military Station Electric License, 1906, shall be deemed to be acts done by the Supplier under the provisions of this Agreement or any agreement subsidiary thereto.

8. This Agreement shall come into force from and shall be in force for twenty years and thereafter until terminated by mutual agreement between the parties.

9. All questions or differences which may at any time arise between the parties hereto, touching this Agreement or the subject matter thereof, or arising out of or in relation thereto respectively, whether as to construction or otherwise, the settlement of which has not been hereinbefore specially provided for, shall be referred to the decision of a single arbitrator to be agreed upon and appointed by the Crown Representative and the Maharaja, and the decision of such arbitrator shall be final and binding upon the parties hereto.

In witness whereof

## APPENDIX II.

SUBSIDIARY AGREEMENT BETWEEN THE ~~CHIEF ELECTRICAL ENGINEER TO THE~~ GOVERNMENT OF MYSORE AND THE CANTONMENT BOARD.

AN AGREEMENT made the One Thousand Nine hundred and between ~~the Chief Electrical Engineer to~~ the Government of Mysore (hereinafter called the Supplier) of the one part and the Bangalore Cantonment Board (hereinafter called the Consumer) of the other part. Whereas the Supplier has agreed to supply power to the Consumer and the Consumer has agreed to take from the Supplier electrical power for the purpose of illuminating the streets within the limits of Bangalore Cantonment, for the period and upon the terms and conditions hereinafter provided, it is hereby agreed between the parties hereto as follows :—

1. This Agreement shall commence from the and shall continue for a period of ten years therefrom. If at any time within three years previous to the expiry of the said term of 10 years, the Consumer or the Supplier prefer by written request from one party to the other, for a renewal of this Agreement, then the Agreement shall be renewed upon such terms and conditions and with such modifications if any as may then be mutually agreed upon by the parties hereto.

2. The Supplier agrees to install and to maintain all lines, lighting fixtures, and other plant, necessary to operate effectively the system of street lighting, now existing in Bangalore Cantonment, according to the plan and schedule in Annexure I, showing the approximate number and distribution of lights, as they stood on the and such extensions as may be required by the Consumer during the period of this Agreement at the cost of the Supplier including all renewal of lamps and other plant.

3. The Consumer will pay to the Supplier by monthly payment within two months after the bill is rendered for all the street lights installed, at rates as laid down in the " Schedule of Rates for street lighting " published by the Electrical Department of the Mysore Government under head " Street Lighting–Sub-head–Major Municipalities ".

These rates may be revised at any time during the currency of this Agreement but in no case will exceed those in force for the adjoining municipalities in Bangalore.

4. The Consumer shall take all reasonable precautions within his power to prevent injury or damage to the poles, wires, insulators, and all other plant of the Supplier situated within Bangalore Cantonment limits.

5. The hours during which the illumination of the street lighting system will be maintained shall be from $\frac{1}{4}$ hour after sunset every day to $\frac{1}{4}$ hour before sunrise on the day following, which interval is herein referred to as a night.

6. No change in the position of any lamp once installed and no deviation, extensions, or alteration of any kind whatsoever shall be made or permitted by the Consumer without the sanction of the Supplier previously obtained.

7. In the event of any change in the position of a newly added lamp appearing desirable, the Supplier shall at the request of the Consumer carry out the change free of cost subject to the conditions that the request shall be preferred within a period of six months from the date of starting service to lamps affected and that the total number of lamps so removed from the position originally occupied shall not exceed 5% of the total number of lamps newly installed (or the next higher whole number of lamps) in the entire system and that the distance, which such lamps are to be so removed shall not exceed 100 yards in any direction from the original position. Further that any such alterations, preferred after the period of six months from the date of first starting service to those lamps shall be carried out at the mutual consent of the Supplier and the Consumer and at the entire cost of the Consumer.

8. The Supplier shall take all reasonable precautions to ensure continuity of service but will not in the event of any interruption from any cause be liable for any loss arising out of such interruptions and that the Supplier will give the Consumer timely notice of the probable duration of any interruption and endeavour by every possible means to minimise the period of such interruption.

9. In the event of the illuminating of the street lighting system being suspended by reason of any interruption to the power supply or by reason of any other cause, a rebate of payment will be allowed to the Consumer by the Supplier, calculated at 1/365th part of the annual payments, mentioned in paragraph 3 *supra*, for each night the street lighting system remains unilluminated, provided that no rebate shall be claimed by the Consumer for interruption of the service unless such interruption extends to one full continuous night in each case, fractions of a night not being counted.

10. All questions or differences which may at any time arise between the parties hereto, touching this Agreement or the subject matter thereof, or arising out of or in relation thereto respectively, whether as to construction or otherwise, the settlement of which has not been hereinbefore specially provided for, shall be referred to the decision of a single arbitrator to be agreed upon and appointed by the Resident in Mysore and the Government of Mysore, and the decision of such arbitrator shall be final and binding upon the parties hereto.

## APPENDIX III.

SUBSIDIARY AGREEMENT BETWEEN ~~THE CHIEF ELECTRICAL ENGINEER TO~~ THE GOVERNMENT OF MYSORE AND THE DEFENCE DEPARTMENT.

AGREEMENT made the day of One Thousand Nine hundred and between ~~the Chief Electrical Engineer to~~ the Government of Mysore (hereinafter called "The SUPPLIER" which expression shall include his successors and permitted assigns where the context so admits) of the one part and the ~~Governor-General in Council~~ Crown Representative (hereinafter called "The CONSUMER" which expression shall include his successors in office and assigns where the context so admits) of the other part.

WHEREAS the Supplier has agreed to supply and the Consumer has agreed to purchase electrical energy both bulk and distributed required by the Consumer for military purposes in the Administered Areas and such other areas as may be agreed to by the parties from time to time (hereinafter called "the said areas") on the terms and conditions hereinafter mentioned.

NOW IT IS HEREBY AGREED between the parties hereto as follows :-

*Definitions.*—The date of commencement and closing of a "particular year" shall be 1st April and 31st March respectively.

The term 'Act' shall mean the Mysore Administered Areas Electricity Law, 19 .

The term 'Rules' shall mean the rules applied to the Mysore Administered Areas by notification issued under section 5 of the Mysore Administered Areas Electricity Law, 19 .

The term 'Military Buildings' shall mean any buildings and/or premises owned, hired, leased, appropriated or used ~~by the Defence Department.~~ for the purposes of the Crow and declared by the Consumer to be a military building for the purposes of this agre

1. *Point of supply.*—The supply point shall be at the Consumer's side of the disconnecting switches and/or fuses provided by the Supplier.

2. *Date of supply.*—The Supplier shall from the day of 19 or from such other date as shall later be mutually agreed upon (hereinafter referred to as the said date) and during the continuance of this Agreement supply continuously to the Consumer by day and by night and upon other conditions set out in this Agreement all electrical energy for lighting, heating, ventilation or power required by the Consumer within the said areas and at supply points to be mutually agreed upon by the parties.

3. *System of supply.*—The supplies both bulk and distributed shall be on the systems and at the voltages used in areas adjacent to the said areas. The energy for motive power purposes shall be at 25 cycles, 3 phase, and 2,200/440/220 volts, and for house lighting at 60 cycles, single phase and 220 volts. Other voltages and frequencies will be supplied under special terms and conditions to be agreed upon by the parties. The supply of electrical energy will be at such supply points as will be agreed upon from time to time by both the parties.

4. *Variation in supply.*—The variations from the declared pressures and frequencies shall not exceed those permitted under the Act and Rules.

5. *Responsibility.*—The Supplier shall at his own expense provide and maintain to the satisfaction of the Consumer all plant, electric supply lines and apparatus of the same standard and quality as he employs in the areas adjacent to the said areas, necessary to deliver the agreed quantity of energy at the several points of supply.

The Consumer shall provide and maintain all necessary plants and supply lines and apparatus beyond the point of supply except as provided for in clause 6 to the satisfaction of the Supplier and in accordance with the Supplier's rules

and regulations governing such installations, provided always that the Supplier will be responsible for damage caused to the said Consumer's installation through proper protective devices not having been provided by the Supplier on his side of the supply point.

Notwithstanding anything aforesaid the Consumer shall be entitled to give a supply to any military building from the bulk supply points at such rates as the Consumer may decide from time to time and the Supplier shall not supply electrical energy direct to any occupier of a military building for whatever purpose within the said areas without the previous consent of the Consumer.

6. *Registration of energy supplies.*—The energy supplied at each bulk supply point shall be registered by two Integrating Watthour Meters, one of which will be installed at the expense of the Supplier and one at the expense of the Consumer. The energy supply at each distributed supply point shall be registered by one Integrating Watthour Meter provided by the Supplier.

7. *Accuracy of meters.*—

(a) If the reading of any one meter at any bulk supply point does not differ by more than three per cent from the reading of the other meter then the mean reading of the meters shall be accepted as correct.

(b) If the reading of any one meter at any bulk supply point differs from the reading of the other by more than three per cent then either party may call for an immediate test with sub-standard testing equipments as the Supplier uses for the same purpose in the areas surrounding the said areas.

(c) Thereafter the meter or meters which have proved not to be correct as defined in paragraph 7 (b) above shall be removed and a correct and tested one substituted by either party at the expense of the party who owns the defective meter within 10 days. Pending such substitution the reading of the remaining meter shall be accepted.

Such test shall always be carried out by the Supplier's Electric Inspector or other representative in the presence of responsible representatives of each party.

Should the test prove that any meter is incorrect within the meaning of paragraph 7 (b) above then the party responsible for its maintenance shall bear the cost of testing. Should the meter on test be found to be correct the cost of the test shall be borne by the party calling for the test.

In addition to such tests as may be called for by the parties hereto the metering equipments at the bulk and distributed supply points shall be tested and adjusted at least once in two years by the Supplier.

8. *Sealing.*—All bulk supply meters at the supply points shall bear the respective seals of the Supplier and the Consumer which seals shall be broken only in the presence of the representatives of both parties.

9. *Charges for energy.*—

(a) The Consumer shall pay the Supplier for all electrical energy consumed and for meter hire at the rate set out in the "Schedule of Rates for the supply of electrical energy" published by the Electrical Department of the Mysore Government from time to time. The bulk supply discount shall be calculated on the sum total of the monthly consumption at the bulk supply points as shown in the annexed map.

(b) The Consumer may, with the consent of the Supplier, install power circuits on the distribution side of the bulk supply points provided no such power installation shall exceed the maximum rating of similar installations in the area surrounding the said areas. The Supplier shall fix his own meter to these installations and the energy consumed will be paid for by the Consumer at the power rates set out in the "Schedule of Rates for the supply of electrical energy" published by the Electrical Department of the Mysore Government.

The consumption registered by such meters will be deducted from the total consumption registered by the bulk supply meter for that area provided such circuits take off beyond the point of supply.

10. *Submission of bills.*—The said bulk and distributed supply meters shall be read by responsible officials of each party monthly at the times and dates to be mutually agreed upon and the Consumer shall pay to the Supplier (within two months of the submission of the bill) for all electrical energy shown as consumed aforesaid, that is, the bills for all points of supply shall be consolidated into a single abstract bill each month.

11. *Inspection of books.*—The Supplier's books in so far as they relate to the record of entries of the meters and particulars of bills for charges and the records of tests in accordance with the Act shall be open on any regular working day to inspection and examination by the authorised representative of the Consumer for the purpose of verifying charges under these headings on the Supplier receiving a notice in writing 72 hours before such inspection and examination is required.

12. *Inspection of plant.*—The authorised representative of the Consumer shall have the right at reasonable times to inspect the working of the Supplier's plant.

13. *Use of aerial line structures.*—If the Consumer shall desire to use any poles or structures erected within the said areas for carrying the Supplier's aerial lines for the purpose of affixing to them any lights or wires he shall be at liberty to do so. Provided always that the poles are considered strong enough to take up the additional load as to which the decision of the Electrical

If at any time within three years previous to the expiry of the original period of ten years the consumer or the supplier prefer by written request from one party to the other, for a renewal of this Agreement, then the Agreement shall be renewed upon such terms and conditions and with such modifications if any as may then be mutually agreed upon by the parties hereto.

15. *List of property.*—A list of the Consumer's property of whatsoever nature in the bulk supply areas attached to or on Supplier's aerial line structures shall be entered in Schedule A annexed hereto.

Copies of the Schedule A shall be maintained in the offices of the Chief Electrical Engineer to the Mysore Government and the Garrison Engineer, Bangalore. All copies shall be signed by the authorised representatives of both parties and amended from time to time as may be necessary.

16. *Removal of gear.*—On the termination of this Agreement the Supplier shall within a reasonable time remove his plant or apparatus within or from the neighbourhood of the Consumer's structures at the supply points and also any plant, electric supply lines or apparatus which the Consumer had by sanction in writing agreed to the Supplier placing on premises of the Consumer. Failing which the Consumer may carry out the work and recover the cost from the Supplier.

17. *Consumer not to take supply from other source.*—The Consumer shall not (except on failure of supply by the Supplier from any cause) generate himself or purchase a supply of electrical energy for use in the said areas during the period of this Agreement, from any person or body corporate or incorporate excepting the Supplier so long as the Supplier observes and performs his obligations hereunder PROVIDED ALWAYS THAT in the event of an emergency arising whereby the Consumer requires additional electrical energy which the Supplier for any reason is unable or fails to supply as required (as to which emergency the decision of the Commander, Madras District, shall be conclusive and binding) the Consumer shall be at liberty to make his own arrangements for the supply of such additional electrical energy.

18. *Authorised representatives to be dealt with.*—The Supplier in connection with this Agreement shall deal only with the Garrison Engineer, Bangalore, or such other officer as the Consumer may from time to time appoint and any notice by the Supplier to the Consumer shall be deemed to be duly given if addressed in writing to the before-mentioned officer and left at or sent by registered post to his office situated at Bangalore or at the place where his office may for the time being be situated. Any notice by the Consumer to the Supplier shall be deemed to be duly given if addressed in writing to the Supplier and left at or sent by registered post to the office of the Supplier situated at Bangalore.

Notice of termination as required by clause 14 of this Agreement on behalf of the Consumer shall only be given to the Supplier by the Secretary to the Government of India in the Defence Department.

19. *Assignment.*—The Supplier shall not assign or underlet this contract without the previous written consent of the Consumer.

20. *The Act to apply.*—In all matters not herein specifically provided for the provisions of the Act and the Rules thereunder and the Supplier's Agreement governing the relations between the Supplier and the Consumer shall be deemed to be part of this Agreement and shall govern the parties hereto as far as applicable.

21. *Arbitration.*—Should any difference arise between the Supplier and the Consumer (the settlement of which is not hereinbefore provided for) as to the interpretation of any of the provisions of this Agreement or anything otherwise howsoever arising hereunder such difference shall be referred to the arbitration of an arbitrator to be agreed upon by the Supplier and the Consumer.

(4) An area with the following boundaries :—North-West along St. John's Church Road from the Cantonment boundary to the junction with Seppings Road; North-East along Seppings Road to the junction with Spencer Road; South-East along Spencer Road to the junction with Cleveland Road; South-West along Cleveland Road to the junction with Promenade Road; South-East along Promenade Road to the Cantonment boundary.

(5) An area with the following boundaries :—From the junction of Commissariat Road and South Parade; East along South Parade and Trinity Road to the junction with Brunton Road; South along Brunton Road to the junction with Richmond Road; South-West along Richmond Road to the junction with Magrath Road; North-West along Magrath Road to the junction with Commissariat Road; North along Commissariat Road to South Parade.

(6) An area with the following boundaries :—From the junction of Race Course, Cubbon and Bellary Roads; North along the road in front of the Residency Offices to Ali Asker Road; West along Ali Asker Road to the junction with Miller's Road; South-West along Miller's Road to the junction with Bellary Road; North-West along Bellary Road to the junction with Palace Road; South along Palace Road to the junction with Race Course Road; East along Race Course Road to the starting point.

(7) All portions of ground between the wall of the Residency compound and the area bounded by Residency Park Road, Race Course Road, Cubbon Road and Post Office Road. These are only road margins except the rather larger portion of ground between Race Course Road and Residency Park Road.

(8) The triangle between Residency Park Road, Avenue Road and the Collector's House.

(9) The triangle between Residency Park Road, the Secretary's compound and Mysore Government Central Press.

(10) The Shule tank bed.

(11) The Military Grass Farm behind the Officers Mess, Q.V.O. Madras Sappers and Miners.

(12) The vacant spaces bounded by Cubbon Road, Queen's Road, the compound walls of the houses facing Cubbon Road and the B.R.V. Theatre.

These areas are shown in the map in the Appendix to this Schedule.

If the Resident so requests, the Govt. of Mysore will notify other areas within the Civil Station

2. On these areas the erection of buildings or extensive major additions to existing buildings will not be sanctioned by the Government of Mysore without the prior concurrence of the Resident or any authority whom he may nominate.

3. The Government of Mysore agree to keep the areas (6) to (12) permanently as open spaces. They will maintain in good condition as a riding track those portions of the riding track around the Parade Ground which are in the Civil Station. They agree that the Vannarpet Bazaar area should be kept within its present limits.

4. The appropriate authorities of the Government of Mysore and the Resident or any authority whom he may nominate will consult together before new sewage, drainage or major conservancy measures in the area under Mysore jurisdiction contiguous with the Administered Areas boundary are taken up or where the Administered Areas are affected in any way.

5. The President, Municipal Commission, will give previous information to the military authorities of any premises to be licensed under section 102 of the Bangalore Municipal Law, and of the opening of any new markets likely to be used by or to supply troops. The Collector will inform the military authorities of all licenses issued for bars and liquor shops likely to be used by or to supply troops.

6. The President, Municipal Commission, will give previous information to the military authorities of the intention to close any market, or to cancel or to refuse to renew the license under section 102 of the Bangalore Municipal Law of any premises which are in bounds to or supply troops. The Collector will give previous information to the military authorities of the intention to cancel or refuse to renew any license for a bar or liquor shop which is in bounds to or supplies troops.

7. A medical officer appointed by the Station Medical Officer, the Station Staff Officer and the Garrison Sanitary Inspector will have powers of inspection within the Civil Station in the interests of the health of the troops, in company with a Municipal Officer, of any place which Municipal Officers are empowered to enter and inspect under the provisions of the Bangalore Municipal Law. The intention is that the powers of inspection possessed by the military authorities referred to above should be the same as are now exercised by these officers in the Civil and Military Station.

8. The Cantonment Health Officer will be authorised to enter at any time, for the purpose of inspection, without an official of the Civil Station, any private restaurant, bar or shop where food or drink is sold, prepared or manufactured and which is in bounds to troops or from which troops are supplied

wholesale or retail. He shall ordinarily not enter, for the purposes of inspection, any market or other institution or place controlled by the Government of Mysore or the Municipal Commission except in company with an official of the Government or the Commission.

9. The Collector of the Civil Station, who will also be the President of the Municipal Commission, and officers deputed by the military authorities will discuss as occasion arises and before any action is taken any matter which jointly affects the sanitation and health of both areas (see also paragraph 4 above). If they consider that for the discussion of any particular matter the presence of other officers (Military, Residency, Government of Mysore, Cantonment Board or Municipal Commission) is desirable, they may ask such officers to be present at the discussion.

10. The Municipal Commission will be required especially to facilitate the sanitary administration of the Administered Areas.

## 5. Civil Disturbances.

1. Army in India troops and Government of Mysore troops will pass through the area under Mysore jurisdiction or the Administered Areas wherever necessary in the interests of action against disturbances of the peace being taken by either force in the area for which they are responsible, when it is necessary for them to go from one area to another in their jurisdiction through an area not in their jurisdiction.

2. In the event of civil disturbances contiguous to the boundary between the Administered Areas and the area under Mysore jurisdiction, Army in India troops and Government of Mysore troops concerned will co-operate in any measures or action considered necessary. The circumstances in which such co-operation will be required are explained in the note in the Appendix to this Schedule.

## APPENDIX.

The circumstances in which troops of the Government of Mysore and Army in India will co-operate in measures taken during civil disturbances.

1. The suppression of civil disturbances within the Civil Station will be the responsibility of Government of Mysore troops and Army in India troops will only undertake the duty of suppressing civil disturbances in that area in accordance with the general principles applicable to the use of British troops in Indian States. In such cases the senior British Military Officer will be in command. This is in accordance with the present practice.

2. The Cantonment will be situated in the middle of the Civil Station. When civil disturbances occur on or in the close vicinity of the boundary between the two areas, it may be necessary for a picquet to be posted ~~a few yards~~ across the boundary for the protection of an important point in its own area. Moreover a mob, which is opposed either by the Army in India or Government of Mysore troops within their own area, may ~~just~~ cross the boundary and it will be essential to prevent them using this position to obtain a tactical advantage, and therefore to oppose them on the other side of the boundary. There will then be no time to obtain the consent of the Government concerned to action by troops ~~just~~ across the boundary and the decision will have to be taken by the Officer in charge on the spot in consultation if possible with the Officer in charge of troops in the other area. In these circumstances therefore it may be necessary for Army in India or Mysore troops, in the course of undertaking the duty of suppressing civil disturbances within their own area, to act on or ~~just~~ over the boundary within the other area; but it is not intended that they should normally act in the other area except when the situation is such as has been described above and action on or in the vicinity of the boundary is necessary to conclude a military action or protect an important point.

## 6. Military police and the position of military personnel committing offences in the Civil Station.

(1) Provisions in respect of British officers and soldiers—

(i) On arrest by State police, British officers or soldiers will be taken to the Police Station, and from there sent immediately to the military authorities concerned with a statement of the case.

(ii) The powers of the military police and the duties of the State police in regard to British Military personnel are as follows:—

> "Military police may perform their duties in any area. Their main duty is to ensure that discipline according to military law is maintained outside barracks. They have no powers of arrest over persons not subject to military law. They have the right of entering any building or other place which they must enter in the performance of their duties, and all such other powers as are possessed by civil police which will enable them to perform those duties. Their right of entry into any building or other place shall however be restricted to such places as are frequented by the general public and shall not extend to private premises except when absolutely essential, e.g., when in 'hot pursuit' or assisting the civil police. The civil police shall not arrest military personnel except when arrest by military police is not practicable. They shall assist the military police whenever called upon to do so."

(2) *Provisions in respect of Indians who are officers or soldiers of the Indian Army.*—These provisions apply only to Indian officers and soldiers of the Indian Army who are stationed permanently or temporarily in Bangalore. Other Indian officers and soldiers, e.g., soldiers on leave from another Station, will be governed by the ordinary principles covering their case.

(i) When an offender whether on leave or not is arrested by the State police, he shall be taken to the Police Station and from there sent immediately to the military authorities concerned with a statement of the case.

(ii) An offender whether on leave or not shall not be summoned to appear before a State Court; but a statement of the case shall be sent to the military authorities.

(iii) The military authorities shall decide in all cases whether the offender shall be tried by court-martial or by State Courts. When the offence was committed by the offender while he was on leave, he shall ordinarily be handed over to the State Courts for trial.

(iv) Military police may perform the same duties in respect of Indians who are officers or soldiers of the Indian Army as in respect of British troops. Normally they will not interfere with Indian troops unless the situation is serious.

## 7. House Accommodation Law in the Civil Station.

An Act to be entitled the Bangalore (Civil Station) House Accommodation Act, the draft of which is below (Appendix I), will be enacted by the Government of Mysore for the Civil Station. Under section 3, it will be applied by notification to the following areas :—

(A) An area with the following boundaries (excluding the Residency Offices Area) :—

Starting at the junction of Ali Asker Road with Miller's Road ; North-East up Miller's Road to the junction with Cunningham Road ; South-East along Cunningham Road to the junction with Cunningham Crescent Road; North up Cunningham Crescent Road till a line parallel with Edward Road ; South-East to and along Edward Road to the junction with Queen's Road; South along Queen's Road to the junction with Infantry Road ; along Infantry Road up to the boundary ; then back along the boundary till it meets Cubbon Road; from there West along Cubbon Road up to its junction with Race Course Road, Bellary Road and the road in front of the Residency Offices; then North along the road in front of the Residency Offices to its junction with Ali Asker Road ; then West along Ali Asker Road to the starting point.

(B) An area with the following boundaries :—

North-West along St. John's Church Road from the Cantonment boundary to the junction with Seppings Road; North-East along Seppings Road to the junction with Spencer Road ; South-East along Spencer Road to the junction with Cleveland Road ; South-West along Cleveland Road to the junction with Promenade Road ; South-East along Promenade Road to the Cantonment boundary.

(C) An area with the following boundaries :—

From the junction of Commissariat Road and South Parade; East along South Parade and Trinity Road to the junction with Brunton Road; South along Brunton Road to the junction with Richmond Road; South-West along Richmond Road to the junction with Magrath Road; North-West along Magrath Road to the junction with Commissariat Road ; North along Commissariat Road to South Parade.

These areas are shown on the map in Appendix II to this Schedule.

2. If the Resident so requests, the Government of Mysore will apply the Act to other residential areas within the Civil Station.

3. The Government of Mysore will apply the provisions of the Act (to a house) when owing to the shortage of accommodation the Resident is satisfied that—

(i) the house in respect of which it is proposed to issue the notice is suitable for occupation by a military officer or a military mess, and

(ii) there is not in the Civil Station, or, if this law is in force in a part only of the Civil Station, then in that part thereof, a sufficient number of houses already available at a reasonable rent and suitable for occupation by military officers or military messes whose accommodation in the Civil Station, or a part thereof as the case may be, is in his opinion necessary or expedient.

# APPENDIX I.

## THE BANGALORE (CIVIL STATION) HOUSE ACCOMMODATION ACT.

An Act to make better provision for securing house accommodation for military officers in the Bangalore Civil Station.

Whereas it is expedient to make provision for securing house accommodation for military officers in the Bangalore Civil Station, it is hereby enacted as follows :—

## CHAPTER I.

### PRELIMINARY.

Short title, extent and commencement.

1. (1) This Act may be called the Bangalore (Civil Station) House Accommodation Act, 19 .

(2) It extends to the Bangalore Civil Station as defined for the time being by notification under section 4 of the Bangalore Municipal Act, 19 .

(3) It shall come into force at once but it shall not become operative in any area until the issue, or otherwise than in pursuance of, a notification as hereinafter provided by section 3 :

Provided that any notification issued under section 3 of the Bangalore House Accommodation Law, 1927, which is in force at the commencement of this Act, shall be deemed to be a notification issued under section 3 of this Act.

Definitions.

2. (1) In this Act, unless there is anything repugnant in the subject or context :—

(a) "District Magistrate" means the District Magistrate of the Bangalore Civil Station;

(b) "house" means a house suitable for occupation by a military officer or a military mess, and includes the land and buildings appurtenant to a house;

(c) "military officer" means a commissioned or warrant officer of His Majesty's military or air forces on military or air force duty in the Bangalore Cantonment, and includes a chaplain on duty with troops in the said Cantonment, an officer of the Cantonments Department and any person in Army Departmental employment whom the Officer Commanding in command of the troops in the said Cantonment may at any time, by an order in writing, place on the same footing as a military officer for the purposes of this Act;

(d) "owner" includes the person who is receiving, or is entitled to receive, the rent of a house, whether on his own account or on behalf of himself and others or as an agent or trustee, or who would so receive the rent, or be entitled to receive it, if the house were let to a tenant;

(e) "Station" means the Bangalore Civil Station as defined for the time being by notification under section 4 of the Bangalore Municipal Act, 19 ; and

(f) a house is said to be in a state of reasonable repair when—

(i) all floors, walls, pillars and arches are sound and all roofs sound and water tight,

(ii) all doors and windows are intact, properly painted or oiled, and provided with proper locks or bolts or other secure fastenings, and

(iii) all rooms, out-houses and other appurtenant buildings are properly colour-washed or whitewashed.

(2) If any question arises whether any land or building is appurtenant to a house, it shall be decided by the District Magistrate whose decision thereon shall, subject to revision by the Government, be final.

## CHAPTER II.

### APPLICATION OF ACT.

Area in which Act to be operative.

3. The Government may, by notification in the Official Gazette, declare this Act to be operative in any area or areas included in the Station.

Saving of written instruments.

4. (1) Nothing in this Act shall affect the provisions of any written instrument executed by or on behalf of the British Government, unless the other party entitled and the Government consent in writing to be bound by the terms of this Act.

(2) All leases executed in favour of the British Government under the Bangalore House Accommodation Law, 1927, in respect of houses in the Station shall be deemed to have been made in favour of the Government under this Act.

## CHAPTER III.

### APPROPRIATION OF HOUSES.

Liability of houses to appropriation.

5. Every house situate in any area in respect of which a notification under section 3 is for the time being in force shall be liable to appropriation by the Government on a lease in the manner and subject to the conditions hereinafter provided.

Inspection of house required for occupation by the military.

6. (1) Where the Government considers that the liability imposed by section 5 should be enforced in respect of any house, it may direct the District Magistrate to serve a notice on the owner of the house requiring him to permit the house to be inspected, measured and surveyed by such person and on such date, not being less than three clear days from the service of the notice, and at such time between sunrise and sunset as may be specified in the notice.

(2) On the day and at the time so specified, the owner shall be bound to afford all reasonable facilities to the person specified in the notice for the purpose of the inspection, measurement and survey of the house, and, if he refuses or neglects to do so, the said person may, subject to rules made under this Act, enter on the premises and do all such things as may be reasonably necessary for the said purpose.

Procedure for taking house on lease.

7. (1) If, on the report of such person as aforesaid, the Government is satisfied that the house is suitable for occupation by a military officer or a military mess, it may direct the District Magistrate to issue a notice or notices—

(a) requiring the owner to execute a lease of the house to the Government for a specified period which shall not be less than five years;

(b) requiring the existing occupier, if any, to vacate the house; and

(c) requiring the owner to execute within such time as may be specified in the notice such repairs as may, in the opinion of the Government, be necessary for the purpose of putting the house into a state of reasonable repair.

(2) Every notice issued under sub-section (1) shall state the amount of the annual rent proposed as reasonable for the house, calculated on the assumption that the owner will carry out the required repairs, if any. It shall also contain an estimate of the cost of such repairs.

(3) The following shall be deemed to be conditions of every lease executed under sub-section (1), namely :—

(a) that the house shall, on the expiration of the lease, be redelivered to the owner in a state of reasonable repair, and

(b) that the grounds and the garden, if any, appertaining to the house shall be maintained in the condition in which they are at the time at which the lease was executed:

Provided that nothing in this sub-section shall be deemed to affect the right of the Government to avoid the lease in any such event as is specified in clause (e) of section 108 of the Transfer of Property Act, 1918.

Sanction to be obtained before a house is occupied as a hospital, etc.

8. No house in any part of the Station in which this Act is operative shall, unless it was so occupied at the date of the issue of the notification declaring this Act to be operative, be occupied for the purposes of a hospital, school, school hostel, bank, hotel or shop, or by a railway administration, a company or firm engaged in trade or business or a club, without the previous sanction of the Government.

Houses not to be appropriated in certain cases.

9. No notice shall be issued under section 7 if the house—

(a) was, at the date of the issue of the notification declaring this Act, to be operative in the Station or part of the Station, or is with such sanction as is required by section 8 occupied as a hospital, school, school hostel, bank, hotel or shop, and has been so occupied continuously during the three years immediately preceding the time when the occasion for issuing the notice arises, or

(b) was, at the date of such a notification as is referred to in clause (a), or is, with such sanction as aforesaid, occupied by a railway administration or by a company or firm engaged in trade or business or by a club, or

(c) is occupied by the owner, or

(d) has been appropriated by the Government for use as a public office or for any other purpose.

Time to be allowed for giving possession of house.

10. (1) If a house is unoccupied, a notice issued under section 7 may require the owner to give possession of the same to the District Magistrate within twenty-one days from the service of the notice.

(2) If a house is occupied, a notice issued under section 7 shall not require its vacation in less than thirty days from the service of the notice.

(3) Where a notice has been issued under section 7 and the house has been vacated in pursuance thereof, the lease shall be deemed to have commenced on the date on which the house was so vacated.

Surrender of house when to be enforced.

11. If the owner fails to give possession of a house to the District Magistrate in pursuance of a notice issued under section 7, or if the existing occupier fails to vacate a house in pursuance of such a notice, the District Magistrate, by himself or by another person generally or specially authorised by him in this behalf, shall enter on the premises and enforce the surrender of the house.

Provision where house is held on long lease by a tenant.

12. (1) If a house, in respect of which a notice is issued under section 7, is occupied by a tenant holding in good faith and for valuable consideration under a registered lease for any term exceeding one year, the Government shall, for the term of one year from the date on which the house is vacated in pursuance of the notice or for the unexpired term of the lease whichever is the shorter, be liable to the owner for the rent fixed by the registered lease instead of for the rent payable under this Act if the rent so fixed exceeds the rent so payable.

(2) If a house, in respect of which a notice is issued under section 7, is occupied by a tenant holding in good faith and for valuable consideration under a registered lease from year to year, the Government shall be liable as aforesaid for the term of six months from the date on which the house is vacated in pursuance of the notice.

(3) Nothing in this section shall be deemed—

(a) to render the Government so liable unless an application in writing in this behalf is made by the owner to the District Magistrate within fifteen days from the service of the notice; or

(b) to limit or otherwise affect any agreement between the Government and the owner.

Power for owner to refer to court on question of rent.

13. (1) If the owner considers that the rent stated in a notice issued under section 7 is not reasonable, he may, within a period of thirty days from the service of such notice, refer the matter to a Civil Court in accordance with the provisions of Chapter IV :

Provided that where an application has been made to the Government under section 21 the period of 30 days shall be reckoned from the date on which the owner received notice of the result of the application under sub-section (2) of section 23.

(2) If the owner does not make such a reference within the said period, he shall be deemed to have accepted the rent so offered.

Power for owner to refer to court on question of repairs.

14. (1) If the owner fails to execute any repairs to a house as required by a notice issued to him under section 7, the District Magistrate may by notice require the owner to execute the repairs within such period, not being less than thirty days, as may be specified in the notice.

(2) If the owner objects to any requisition contained in a notice issued under sub-section (1), he may, within thirty days from the service of the notice, refer the matter to a Civil Court in accordance with the provisions of Chapter IV :

Provided that where an application has been made to the Government under section 21, the period of 30 days shall be reckoned from the date on which the owner received notice of the result of the application under sub-section (2) of section 23.

(3) Every reference under sub-section (2) shall be accompanied by an estimate of the repairs if any which the owner considers necessary in order to put the house into a state of reasonable repair.

Power to have repairs executed and recover cost.

15. If the owner fails to comply with a notice issued under sub-section (1) of section 14, the Government may, notwithstanding any right of reference conferred by that section, cause the repairs specified in the notice to be executed at the expense of the Government, and the cost thereof or, where a reference has been made, the amount finally determined by the Civil Court, may be deducted from the rent payable to the owner.

Notice to be given of devolution of interest in house.

16. Every person on whom devolves by transfer, by succession or by operation of law, the interest of an owner in any house, or in any part of any house, situate in any area in respect of which a notification under section 3 is for the time being in force, shall be bound to give notice of the fact to the District Magistrate within one month from the date of such devolution and, if he, without reasonable cause, fails to do so, he shall be punishable with fine which may extend to fifty rupees.

## CHAPTER IV.

### Procedure in References.

Jurisdiction in references.

17. All references under this Act, shall be made by application to, and tried by, the Court of the District Judge.

Procedure and powers of the Court.

18. References under this Act shall be deemed to be proceedings within the meaning of section 141 of the Code of Civil Procedure, 1911, and in the trial thereof the Court may exercise any of its powers under that Code.

Restriction of scope of inquiry.

19. The scope of the inquiry in a reference under this Act shall be restricted to a consideration of the matters referred to the Court in accordance with the provisions of this Act.

## CHAPTER V.

### Appeals.

Appeal to High Court.

20. (1) An appeal shall lie to the High Court against the decision of the Court of the District Judge upon a reference tried by it.

(2) No appeal under this section shall be admitted unless it is made within thirty days from the date of the decision against which it is preferred.

(3) An appeal preferred under this section shall be deemed to be an appeal from an order within the meaning of section 108 of the Code of Civil Procedure, 1911.

Application for cancellation of decision to appropriate a house.

21. The owner or any tenant of a house in respect of which notice has been issued under section 7 may, within a period of ten days from the date of service thereof, apply to the Government that the decision to appropriate the house may be cancelled for reasons stated.

Application to be accompanied by copy of notice.

22. Every application under section 21 shall be in writing and accompanied by a copy of the notice issued under section 7.

Order on application final.

23. (1) The decision of the Government on any such application shall be final, and shall not be questioned in any court otherwise than on the ground that the house is situate in an area in which this Act is not operative:

Provided that no application shall be decided until the applicant has been heard or has had a reasonable opportunity of being heard in person or through a legal practitioner.

(2) Notice of the result of the application shall be given to the applicant as soon as may be, and where the applicant is a tenant of the house, to the owner of the house also.

Suspension of action pending application.

24. Where an application has been presented under section 21 within the period prescribed therein, all action on the notice shall, on the written request of the applicant, be held in abeyance pending the decision of the application.

## CHAPTER VI.

### Supplemental Provisions.

Service of notice and requisitions.

25. Every notice or requisition prescribed by this Act shall be in writing, signed by the person by whom it is given or made or by his duly appointed agent, and may be served by registered post on the person to whom it is addressed, or on his duly appointed agent, or in such other manner as may be prescribed by rules.

Computation of period of limitation.

26. The period prescribed for making any reference or application or preferring any appeal under this Act shall be computed in accordance with the provisions of the Mysore Limitation Act, 1911.

Power for Government to make rules.

27. (1) The Government may make rules to carry out the purposes and objects of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may define the powers of entry, inspection, measurement or survey which may be exercised in carrying out the purposes and objects of this Act or of any rule made hereunder.

Further provisions respecting rules.

28. (1) The power to make rules under section 27 shall be subject to the condition of the rules being made after previous publication and of their not taking effect until they have been published in the Official Gazette and in such other manner (if any) as the Government may direct.

(2) A copy of the rules under section 27 for the time being in force in the Station shall be kept open to inspection free of charge at all reasonable times in the Office of the District Magistrate.

(3) In making any rule under sub-section (2) of section 27, the Government may direct that whoever obstructs any person, not being a public servant within the meaning of section 21 of the Indian Penal Code, in making any entry, inspection, measurement or survey, shall be punishable with fine which may extend to fifty rupees, and, in the case of a continuing offence, with fine which, in addition to such fine as aforesaid, may extend to five rupees for every day after the first during which such offence continues.

XLV of 1860.

Inapplicability of section 556 of the Code of Criminal Procedure, 1903, to trials of offences.

29. No Judge or Magistrate shall be deemed, within the meaning of section 556 of the Code of Criminal Procedure, 1903, to be a party to, or personally interested in, any prosecution for an offence constituted by or under this Act merely because he has ordered or approved the prosecution.

Protection to persons acting under Act.

30. No suit or other legal proceeding shall lie against any person for anything in good faith done, or intended to be done, under this Act or in pursuance of any lawful notice or order issued under this Act.

# THE BANGALORE (CIVIL STATION) HOUSE ACCOMMODATION RULES.

In exercise of the powers conferred by section 27 of the Bangalore (Civil Station) House Accommodation Act, 19 , the Government is pleased to make the following rules to carry out the purposes and objects of the said Act, the same having been previously published as required by sub-section (1) of section 28 of the said Act, namely :—

## RULES.

1. (1) *Short title and extent.*—These rules may be called the Bangalore (Civil Station) House Accommodation Rules, 19 .

(2) They extend to those parts of the Bangalore Civil Station, in which the Bangalore (Civil Station) House Accommodation Act, 19 , hereinafter referred to as "the Act" is for the time being operative.

2. (1) *Form of notices.*—Every notice prescribed by section 6 or section 7 of the Act shall be in the appropriate form set forth in Schedule A with such variations as the circumstances of each case may require.

(2) The lease referred to in section 7 of the Act shall, as nearly as may be, be executed in the form set forth in Schedule B.

3. *Service of notices.*—Any notice issued under the Act or these rules, if not served by post under section 25 of the Act, may be served by any persons authorised by the District Magistrate in this behalf—

(a) by giving or tendering a duly signed copy thereof to the person to whom it is addressed; or

(b) where the notice cannot be served in the manner specified in clause (a), by causing it to be affixed to some conspicuous part of the house to which it relates, and by publishing it in one Indian and one daily English newspaper published within the Station.

4. *Limitations on power of entry, etc.*—Any power of entry, inspection, measurement or survey conferred by the Act or these rules shall be exercised in accordance with the following provisions, namely :—

(a) such power shall be exercised only between sunrise and sunset;

(b) in the case of an occupied building or occupied land such power shall not, save with the consent of the occupier, be exercised unless twenty-four hours' notice in writing has been given to the said occupier;

(c) when in the exercise of such power a building used as a human dwelling is entered, due regard shall be paid to the social and religious sentiments of the occupiers; and no apartment in the actual occupancy of a woman shall be entered until she has been informed that she is at liberty to withdraw, and every reasonable facility has been afforded to her for withdrawing.

5. *Penalty for obstruction.*—Whoever obstructs any person, not being a public servant within the meaning of section 21 of the Indian Penal Code, in any entry, inspection, measurement or survey which such person is authorised to make under the Act or these rules, shall be punished with fine which may extend to fifty rupees, and in the case of a continuing offence with fine which in addition to such fine as aforesaid may extend to five rupees for every day after the first day during which such offence continues.

6. *Duty of absentee owner to appoint agent.*—(1) Whoever, being the owner of any building or land in any part of the Station to which the Act has been applied is absent therefrom, shall appoint some person residing in or near the Station to act as his agent for all the purposes of the said Act, and shall notify such appointment to the District Magistrate in writing.

(2) Whoever fails to appoint an agent or to notify such appointments as required by sub-section (1), shall be punishable with fine which may extend to twenty rupees, and in the case of a continuing failure, with an additional fine not exceeding five rupees for every day after the first in regard to which he is convicted of having persisted in the failure.

*ANNEXURE.*

An Act to prevent the obtaining of military equipment and stores from soldiers.

Whereas it is expedient to make provision for the prevention of the obtaining of military equipment and stores from soldiers; It is hereby enacted as follows:—

1. (1) This Act may be called the Military Equipment Prevention of Disposal Act, 19 .

(2) It extends to the Civil Station of Bangalore.

2. In this Act, unless there is anything repugnant in the subject or context,—

(1) "regimental" means connected with a corps, or with any battalion or other sub-division of a corps,

(2) "soldier" means any person subject to the Army Act, the Indian Army Act, 1911 (VIII of 1911), the Naval Discipline Act or that Act as modified by the Indian Navy (Discipline) Act, 1934 (XXXIV of 1934), the Air Force Act, or the Indian Air Force Act, 1932 (XIV of 1932),

(3) "military decoration" means any medal, clasp, good conduct badge or decoration.

(4) "horse" includes any beast of whatever description used for burden or draught or for carrying persons.

3. Whoever—

(a) buys, exchanges, takes in pawn, detains or receives from a soldier or any person acting on his behalf, on any pretence whatsoever, or

(b) solicits or entices any soldier to sell, exchange, pawn or give away, or

(c) assists or acts for a soldier in selling, exchanging, pawning or making way with any of the following property, namely, any arms, ammunition, equipments, instruments, regimental necessaries, or clothing, or any military decorations of an officer or soldier, or any furniture, bedding, blankets, sheets, utensils and stores in regimental charge or any provisions or forage issued for the use of an officer or soldier, or his horse, or any horse employed in military service, shall, unless he proves either that he acted in ignorance of the same being such property as aforesaid or of the person with whom he dealt being or acting for a soldier, or that the same was sold by order of some competent military authority, be punished with imprisonment of either description for a term which may extend to six months, or with fine which may extend to two hundred and fifty rupees, or with both, together with three times the value of any property of which such person has become possessed by means of his offence.

4. Whoever has in his possession or keeping any such property as is mentioned in section 3 shall, unless he proves that he came by the property so found lawfully and without any contravention of the provisions of this Act, be punished with a fine which may extend to fifty rupees.

5. When any person is found committing an offence under this Act, or having in his possession property referred to in section 3 in such circumstances as to afford just grounds of suspicion that he has acquired the same in contravention of the provisions of this Act, he may be apprehended by any person without warrant, and any such property found in his possession may be seized.

Any person so apprehended, and any property so taken by a person not being a Magistrate or Police Officer, shall be delivered over as soon as possible to a Police Officer.

All persons apprehended by, or delivered to, a Police Officer, and all property seized by, or delivered to, any such officer under this section, shall be taken without unnecessary delay before a Magistrate.

6. (1) The District Magistrate or a Magistrate of the First Class may issue a warrant for the search of any place in which he has reason to believe or suspect that any property is possessed with respect to which an offence under this Act has been committed.

(2) The person to whom the warrant is directed may enter and search the place in accordance therewith, and the provisions of the Code of Criminal Procedure (II of 1904), shall be deemed to apply to the execution of the warrant.

7. For the purposes of this Act, property shall be deemed to be in the possession or keeping of a person if he knowingly has in the actual possession or keeping of any other person, or in any house, building, lodging, apartment, field, or place open or enclosed, whether occupied by himself or not, and whether the same is so had for his own use or benefit, or for the use or benefit of another.

8. Whoever receives, detains, or has in his possession the identity certificate or life-certificate of a person entitled to a military pension or to reserve pay or to any bounty as pledge or security for a debt, or with a view to obtain payment from the pensioner or person entitled to the pay or bounty of a debt due whether to himself or to any other person, shall be punished with imprisonment of either description for a term which may extend to six months, or with a fine which may extend to two hundred and fifty rupees.

9. No Magistrate, other than a Magistrate of the First Class, shall enquire into or try an offence under this Act unless generally or specially empowered in this behalf by the Government.

## 11. Judicial Arrangements.

1. *Civil jurisdiction.*—There will be a separate Munsiff for the Civil Station with jurisdiction over suits and proceedings up to a value of Rs. 2,500. If necessary, he will be invested with Small Cause powers up to a value of Rs. 100.

2. The Small Cause Court, Bangalore, the presiding officer of which is a Sub-Judge, will hear Small Cause suits not exceeding Rs. 500 in value. He will be relieved of his appellate work to enable him to take on the extra work.

3. Original Suits and proceedings of value between Rs. 2,500 and Rs. 10,000 will lie to the Court of the Sub-Judge of the Bangalore Division. This Court at present consists of two Sub-Judges—one permanent and one temporary. Both these Sub-Judges will be kept on if required by the state of the work.

4. Original Suits and proceedings exceeding Rs. 10,000 in value and appeals not exceeding Rs. 3,000 in value from the Sub-Judge and the Munsiff will lie to the Court of the District Judge of the Bangalore Division. The present jurisdiction of this Court is over the Bangalore, Kolar and Tumkur Districts. After retrocession the jurisdiction will be Bangalore (City and Civil Station) and Kolar Districts. The work will continue to be done by two Judges.

Second appeals, first appeals from the District Judge, first appeals from the Sub-Judge in suits above Rs. 3,000 and revision proceedings will lie to the Mysore High Court.

5. *Criminal jurisdiction.*—There will be a separate Magistrate of the first class and a Bench of Magistrates with second class powers for the Civil Station.

6. There will be a District Magistrate who will be an officer lent from the Indian Civil Service (Madras) so long as the Crown Representative desires (Please see Schedule No. 17—'General Administration'.)

7. The existing arrangements for the Courts of Justices of the Peace will continue.

8. The Sessions Judge of the Bangalore Division will try sessions cases and hear appeals from the First Class Magistrate.

9. Appeals from the Sessions Judge and revision proceedings will lie to the Mysore High Court.

10. The Government of Mysore guarantee that a sufficient number of Judges will always be provided to deal promptly with cases arising from the Civil Station. In order that the Resident may satisfy himself that the arrangements made for the disposal of judicial work in the Civil Station after retrocession are working adequately, the Government of Mysore will send to him a review of the administration of justice in the Civil Station one year after retrocession.

11. *Language of the Court.*—All proceedings in the Civil and Criminal Courts now conducted in English in the Civil and Military Station Courts will continue to be conducted in English after retrocession in respect of cases in the Civil Station.

12. *Location of Courts.*—The Courts mentioned above will be located either in the existing buildings of the Bangalore District Courts or in the Civil Station.

(a Subordinate Judge)

The Courts of ~~the~~ Munsiff and the First Class Magistrate will be located in the Civil Station.

## APPENDIX I.

The provisions to be included in

An Act providing for transitional arrangements in respect of proceedings and other matters in Courts.

1. *Pending civil matters.*—All civil suits and proceedings of whatever nature initiated and pending before the Courts in the Civil and Military Station, Bangalore, on the date of retrocession, shall be deemed to be suits and proceedings taken cognizance of by and pending in Courts of Mysore and may be continued by Mysore Courts of competent jurisdiction as may be notified by the Government, from the stages in which such suits and proceedings were pending.

2. *Pending criminal matters.*—All criminal cases and proceedings taken cognizance of by and pending before the criminal Courts in the Civil and Military Station, Bangalore, on the date of retrocession, shall be deemed to be cases and proceedings taken cognizance of by and pending in Courts of Mysore and may be continued by Mysore Courts of competent jurisdiction as may be notified by the Government, from the stages in which such cases and proceedings were pending.

Provided, however, that nothing in this section shall affect the provisions of section 350 of the Criminal Procedure Code (II of 1904).

3. *Pending appeals, etc.*—All appeals, applications for revision, and other proceedings, civil as well as criminal pending in the appellate Courts or the Resident's Court of the Civil and Military Station, Bangalore, on the date of retrocession, shall be deemed to be appeals, applications or proceedings pending in the corresponding appellate Courts or the High Court in Mysore as the case may be and may be continued by such appellate Courts of competent jurisdiction as may be notified by the Government or by the High Court from the stages in which such cases, applications or proceedings were pending. ~~Provided, however, that nothing in this section shall affect the appeals from the Resident's Court pending before His Majesty in Council.~~

4. *Appeals, etc., to lie to Mysore Courts after retrocession.*—All appeals, references, applications for revision or review, applications for execution and all miscellaneous applications which might have been preferred but for retrocession to Courts having jurisdiction in the Civil and Military Station, Bangalore, in connection with judgments, decrees, orders or cases, civil or criminal, of Courts having jurisdiction in the Civil and Military Station, Bangalore, prior to retrocession but in respect of which no appeals, references or applications have been filed or made will lie to Courts of competent jurisdiction in Mysore to which such appeals, references or applications would lie if the said judgments, decrees, orders or cases were of corresponding Courts in Mysore, subject to the law of limitation as was in force in the Civil and Military Station, Bangalore, prior to retrocession being applicable to such appeals, references or applications.

6. 5. *Law applicable to pending matters.*—All civil suits and proceedings and criminal cases and proceedings commenced and pending in the Courts of the Civil and Military Station, Bangalore, on the date of retrocession, and all appeals, references and applications connected with suits, cases and proceedings in the Civil and Military Station Courts prior to retrocession shall be decided by the Mysore Courts by the law which was in force in the Civil and Military Station, Bangalore, at the time the suits, cases or proceedings were initiated, as far as altered circumstances will permit.

7. 6. *Application of personal law.*—Matters of personal law not covered by statute before retrocession shall, where the cause of action arose in the Civil Station, Bangalore, before retrocession, be decided in accordance with the law applicable to such matters in the Civil and Military Station, Bangalore, before retrocession, provided proceedings in respect of such matters are instituted in Courts within ten years after retrocession.

5. Appeals to His Majesty in Council — Nothing in sections 3 and 4 shall affect appeals made at any time to His Majesty in Council from a decision given by the Resident's Court before the date of Retrocession. The Competent Mysore Court shall give effect to any order made by His Majesty in Council on such appeal.

7. *Finality of decisions passed prior to retrocession.*—Nothing herein contained shall be deemed to allow of any matter, civil or criminal, which has been finally heard and decided by Courts of competent jurisdiction in the Civil and Military Station, Bangalore, prior to retrocession when such decision has not been appealed against in due time under the law in force therein, being brought forward in the Courts of Mysore after retrocession.

8. *Restricting the provisions to matters pertaining to the Civil Station.*—(1) The provisions of sections 1 to 7 shall be applicable only to such matters, civil as well as criminal, which Courts with territorial jurisdiction limited to the area of the Civil Station, Bangalore, could have taken cognizance of under the laws for the time being in force therein prior to retrocession. (2) In the case of proceedings to obtain relief respecting immovable properties situated partly in the Civil Station, Bangalore, and partly in the Administered Areas the jurisdiction of Mysore Courts taking cognizance under the provisions of the foregoing sections shall be limited to the portion of the properties situated in the Civil Station, Bangalore.

~~9. *Transfer of cases to Courts of proper jurisdiction.*—If a Mysore Court which has taken cognizance of a matter, civil or criminal, pending before a Court in the Civil and Military Station, Bangalore, on the date of retrocession, considers that the matter should have been taken cognizance of by a Court in the Administered Areas, it shall send such matter for disposal to the concerned Court in the Administered Areas.~~

~~10. *Cases received from Administered Areas Courts.*—If a Court in the Administered Areas which has taken cognizance of a matter civil or criminal, pending before a Court of the Civil and Military Station, Bangalore, on the date of retrocession, finds that it has no jurisdiction and sends it to a Mysore Court having jurisdiction, such Mysore Court shall take cognizance of it as if it took cognizance of it on the date of retrocession and dispose of it.~~

~~11. *Finality of decision on question of jurisdiction.*—The final decision of a Court of the Administered Areas that it has no jurisdiction in respect of a matter referred to in section 10 and that it should be taken cognizance of and disposed of by a Mysore Court shall be conclusive.~~

12. *Pending income-tax matters.*—Notwithstanding anything contained in the Mysore Income-tax Act (V of 1923)—

(a) *Pre-retrocession rates of income-tax to apply.*—In respect of all incomes due for assessment in the Civil Station, Bangalore, prior to the date of retrocession, the rate or rates chargeable will be in accordance with the provisions in the British Indian Income-tax Act (XI of 1922) as in force in the Civil and Military Station, Bangalore, prior to retrocession.

(b) *Appeals.*—Appeals pending before Income-tax authorities in the Civil and Military Station, Bangalore, on the date of retrocession, and appeals against assessments orders ~~relating to incomes assessed~~ under the provisions of the British Indian Income-tax Act (XI of 1922) as in force in the Civil and Military Station, Bangalore, prior to retrocession, shall be taken cognizance of by competent Mysore Income-tax authorities and decided in accordance with the provisions of the abovementioned Act.

(c) *Salaries.*—Salaries and interest on securities taxed at source in the year previous to the date of retrocession shall be assessed finally at the rates in force under the British Indian Income-tax Act (XI of 1922) as in force in the Civil and Military Station, Bangalore, in such year.

(d) *Incomes, profits or gains.*—All incomes, profits or gains accruing, arising or received or deemed to have accrued, arisen or been received in the Civil Station, Bangalore, prior to the date of retrocession but which became due for assessment after retrocession shall be deemed to have accrued, arisen or been received in Mysore.

## 13. Legal Practitioners.

1. *Advocates.*—Gentlemen enrolled as Advocates in the Resident's Court will be enrolled as Advocates in the Mysore High Court on a payment of Rs. 200. Those who do not wish to do this may appear as Advocates before the Mysore High Court in cases from the Civil Station.

2. *Pleaders.*—The existing Pleaders' certificates will be validated without further payment until the end of the current year at the time of retrocession and will be subsequently renewed by the Mysore High Court at the usual rates. A Pleader's certificate issued by the Resident and subsequently renewed by the Mysore High Court will on these conditions entitle a Pleader to appear before any Criminal Court subordinate to the Mysore High Court and before the Civil Courts subordinate to the Mysore High Court in the Bangalore District including the Civil Station.

3. If at any time it is necessary to take into consideration the seniority of an Advocate or Pleader formerly practising within the Civil and Military Station and practising after retrocession under Mysore jurisdiction, the period of practice within the Civil and Military Station before retrocession will count as if it had been practice under Mysore jurisdiction.

## 14. Registration.

1. The Bangalore Civil Station will be notified as a sub-district under the Mysore Registration Act (I of 1903).

2. The Government of Mysore will recognise all registration of documents, wills, etc., or exemptions from registration in the Civil and Military Station of Bangalore, before retrocession. This will be provided by section 2A of the Mysore Registration Act as noted in Schedule 10—"Application of Acts, Local Laws and Rules having the force of law to the Civil Station".

3. The Government of Mysore will recognise all registration or exemption from registration before retrocession in the Civil and Military Station of firms, companies and sccieties. The provisions in regard to such registration are contained in section 59A of the Mysore Partnership Act (VI of 1936), sections 252 and 252A of the Mysore Companies Act (VIII of 1917), section 22 of the Societies Registration Act (III of 1904), section 52 of the Mysore Co-operative Societies Act (VII of 1918) and in a new section to be added to the Mysore Insurance Act. ~~This will be included in the proposals to be sent later. Please see Schedule 10 Appendix V~~. Provision in this behalf will be made in Schedule 10—Application of Acts, Local Laws, and Rules having the force of law to the Civil Station

4. Recognition of other certificates, etc., of registration is ~~dealt with~~ provision for in Schedule 9—"Validation of Titles and Acts of the ~~British Government~~ Crown". (made)

15. Financial Arrangements.

1. The Government of Mysore will pay to the Crown Representative the annual deficit on the administration of the areas retained under his jurisdiction. The deficit will be calculated by taking together the net results of the pro forma accounts referred to in paragraph 2 and the recorded accounts of the Cantonment Board excluding the initial working balance. The Crown Representative will ensure that the same control of expenditure is exercised in the Administered Areas as in the administration of other areas under his jurisdiction for which funds are found from his budget.

2. The deficit in respect of the civil administration of the Administered Areas will be calculated by means of a pro forma account, in the same manner as the surplus of the present Assigned Tract is calculated.

3. Under the provisions of the Cantonment Account Code, the Cantonment Board will maintain a separate account in the Imperial Bank and must keep a minimum cash balance of 10% of the estimated annual expenditure of the Board. The initial cash balance will be met from the following sources :-

(i) The Municipal Commission of the Civil and Military Station will hand over a proportion of their surplus as existing on the date of retrocession, corresponding to the proportion between the estimated annual expenditure of the Cantonment Board and the actual annual expenditure of the Municipal Commission of the Civil and Military Station in the last financial year before retrocession for which actual figures are then available (about Rs.10,600).

(ii) The remaining amount will be found from the Assigned Tract surplus (about Rs.5,700).

4. The remainder of the Assigned Tract surplus and the balance ..

balance of 'Civil Deposits' pertaining to the Civil Station will be adjusted against the initial contributions payable by the Government of Mysore on Retrocession, to which they have separately agreed.

---

## 16. Government Servants.

1. Government servants required for the Administered Areas will be selected first. The Government of Mysore will take the remainder who wish to transfer. Those who wish to transfer will be required to give an agreement in writing that they agree to the terms contained in this Schedule.

2. Before retrocession the Government of Mysore will inform the Resident what posts in the Civil and Military Station it is proposed to abolish as the result of retrocession, and how posts are to be reorganised. It is understood that the Government of Mysore will carry on the administration of the Civil Station with the same staffs as at present, subject to the reorganisation referred to above and that after this reorganisation there will be no further reduction of posts except for exceptional reasons unconnected with the retrocession arrangements which, if they had occurred before retrocession, would have led to the abolition of the posts in question. [No such posts will be abolished except after consultation with the head of the department concerned and no transferred Government servant will be retrenched by the Government of Mysore without the concurrence of the Resident.]

3. All transferred Government servants will be granted their existing scales of pay and on promotion or appointment to another post the scale of pay attached before retrocession to the post to which they are promoted.

4. All allowances and concessions attached to a post before retrocession, will continue to be attached to this post after retrocession, when held by any transferred Government servant, either at the time of retrocession or subsequently on promotion from a lower grade or appointment from another post. The Government of Mysore will undertake not to reduce or abolish any such allowance or concession unless the circumstances for which it was granted have considerably altered or have ceased to exist. [The Government of Mysore will obtain the Resident's concurrence before a decision is reached that a reduction in an allowance or concession is justified by the circumstances then obtaining.]

5. Transferred Government servants will not be transferred out of Bangalore (City and Civil Station) without their consent. No transferred Government servant will be ordinarily moved to the City from the Civil Station except on the recommendation of the head of the department concerned. Frequent transfers from the Civil Station to the City are likely to cause considerable discontent and such transfers will as far as possible be avoided especially during the first few years after retrocession. Any transferred Government servant serving in Bangalore City will remain entitled to promotion in a vacancy in the Civil Station as provided by paragraph 8 below. A Government servant transferred to Bangalore City will not be deprived thereby of any allowance or concession attached to his post in the Civil Station, but not attached to a post with equivalent duties in the City, to which he is transferred.

6. Travelling allowance will be at Mysore rates.

7. Pay, leave, leave salary and pensions ~~and commutation of pensions~~ will continue to be regulated by the rules applicable to Government servants under the Crown Representative at the time of retrocession. The commutation of pensions will be regulated by the rules applicable to Govt. servants under the Crown Representative at the time the commutation is desired.

8. Posts in the Civil Station filled before retrocession by promotion will continue to be filled by promotion and normal vacancies filled by promotion will be ordinarily filled by transferred Government servants.

[9. Heads of departments (other than the Chief Medical Officer) will consult the Collector before making or recommending to the Government of Mysore an appointment to a post normally filled by promotion, of a person other than a transferred Government servant available for promotion to the post. If there is a difference of opinion, the matter will be referred to the Government of Mysore.]

10. Government servants retiring on compensation pension will be given all the leave at their credit on the date of retrocession in accordance with the ordinary leave rules and their leave salary will be borne by the Government of Mysore. Under the ordinary leave rules a Government servant may take all the leave to which he is entitled, ~~including leave on medical certificate,~~ up to a maximum of 28 months. Of this the following periods will count for pension :—

(1) Privilege leave (a maximum of 4 months).

(2) Leave with allowances (other than privilege leave) to the extent of one year if the total service is 15 years or above but below 30 years, and 2 years if the total service is 30 years or more (including all such leave taken previously).

~~For the periods which count for pension, the Government of Mysore will pay pension contribution to Central Revenues.~~

11. Government servants transferred under the terms of this Schedule will be entitled to retire on compensation pension on the terms laid down in Article 426 *seq.* of the Civil Service Regulations (without the leave concession referred to in paragraph 10 above) for 5 years after the date of retrocession should they so desire.

12. Government servants retiring on compensation pension at retrocession or during the period of five years subsequently to retrocession will not be allowed after their retirement to obtain re-employment in Mysore service.

13. Transferred Government servants will come under the Mysore State Rules except in those matters in which a specific guarantee has been made. A transferred Government servant will have a right of representation to the Resident through the Government of Mysore that a specific term of the Retrocession Agreement has been departed from by the Government of Mysore in his case. The Resident will have the power (a) to reject the petition or (b) if he considers that there is any substance in it, to forward it with his recommendations for the orders of the Crown Representative.

14. Government servants under contract will remain for the period of their contract under its provisions, any dispute which may arise in regard to the interpretation of any terms of the contract being referred for the arbitration of the Crown Representative.

15. The pension of transferred Government servants on their retirement will be met by Central Revenues and by the Government of Mysore according to the Rule of Proportions under Article 45 of the Civil Service Regulations.

16. The amount at the credit of a transferred Government servant in his Provident Fund will be transferred to the Government of Mysore who will administer the General Provident Fund rules to which he was subject before retrocession on his behalf. Subscription to the State Provident Fund or State Life Insurance will not be made compulsory. The Provident Fund balances due to Government servants retiring on retrocession will be paid to them.

17. The Secretary, Health Officer and Executive Engineer of the Municipal Commission are appointed by the Resident under sections 19 and 20 of the Bangalore Municipal Law. The above provisions will apply also to them, subject to the following remarks :—

(a) Compensation pension and Provident Fund balance to be granted to them if they retire should be paid by the Municipal Commission.

(b) If they are granted leave on retirement on retrocession the Municipal Commission will bear this charge.

## 17. General Administration.

1. The post of Collector and District Magistrate and President of the Municipal Commission of the Civil Station will after retrocession :—

(a) be filled with the concurrence of the Resident, and

(b) be held by a European serving I.C.S. officer from Madras for such period as the Crown Representative may consider desirable.

2. So long as the appointment is filled by such a lent officer his terms of service will be as follows :—

(1) The appointment will normally be one of five years.

(2) The officer will be of about the same seniority as previously to retrocession.

(3) His pay will be his time-scale pay on the senior scale.

(4) The maximum pay of the post will be Rs. 2,000 (excluding Overseas Pay). If the pay of the officer holding the appointment at any time is about to exceed this maximum, he will revert to Madras service and the services of another officer will be obtained.

(5) He will be granted a conveyance allowance of Rs. 100 per month from the funds of the Civil Station Municipality.

(6) He will be entitled to the free medical attendance to which he is entitled when serving under the Madras Government.

(7) He will continue to occupy the present Collector's house on payment of rent at the rate paid by him before retrocession.

(8) The Government of Mysore will pay his leave, pension and passage contributions at the customary rates.

(9) His transfer travelling allowance at the beginning and end of his appointment will be paid by the Government of Mysore at the rates to which he is entitled when serving under the Madras Government. His travelling allowance, if any, during his period of service, will be at the appropriate Government of Mysore rates.

(10) His joining time at the beginning of his appointment or when he returns from leave will be regulated by the appropriate rules of the lending Government.

(11) Leave vacancies will ordinarily be filled by another lent officer, obtained on the same terms and conditions of service.

(12) As District Magistrate and President of the Municipal Commission he will deal directly with the Government of Mysore. As Collector for the purpose of work under the following heads :—

(a) Revenue.
(b) Excise.
(c) Stamps.

he will be under the Revenue and Excise Commissioners of the Government of Mysore. In respect of these matters he will normally follow the ordinary channels of correspondence but he will at all times have free access to the Government of Mysore on any matter and will be permitted to make representations to the Government direct if he should think it necessary. He may also move the Government direct regarding an order of the Revenue or Excise Commissioner in which he is concerned. Appointments and transfers of staff subordinate to him will not be made by a head of a department without his concurrence.

3. The appointment of the Chief Medical Officer and Residency Surgeon after retrocession will—

(a) be filled with the concurrence of the Resident by a European officer, and

(b) be held by a serving European member of the Indian Medical Service (Crown Representative's cadre) for such time as the Crown Representative may consider desirable.

4. So long as the officer filling the appointment is such a lent officer, his terms of service will be as follows :—

(1) There will be no time-limit for the appointment ; but the officer will be liable to transfer under the orders of the Crown Representative, if the exigencies of the service so demand.

(2) He will be an officer of about the same seniority as previously.

(3) He will be directly subordinate to the Government of Mysore and not to the Senior Surgeon, Mysore State.

(4) His pay will as at present be the grade pay of officers of the Indian Medical Service plus an allowance of Rs. 400 per month for being in charge of the hospitals in the Civil Station.

(5) The Government of Mysore will pay leave, pension and passage contributions at the customary rates.

(6) He will be in charge of all hospitals and medical work in the Civil Station and medical work for the Resident in Mysore ~~and Chief Commissioner of Coorg~~ and his staff. His title will remain " Residency Surgeon and Chief Medical Officer, Bangalore Civil Station ".

(7) He will render to the Resident ~~and Chief Commissioner~~ and his staff (gazetted and non-gazetted) such free medical service as they are entitled to by their conditions of service. (Normally, the Residency Surgeon will attend on the Resident and his gazetted staff and a subordinate Medical Officer on the ministerial and subordinate establishment).

(8) For the duties mentioned in clause (7) above performed by the Residency Surgeon or his subordinate medical officers, the Crown Representative will pay to the Government of Mysore Rs. 2,400 per annum.

(9) His transfer travelling allowance at the beginning and end of his appointment will be met by the Government of Mysore at the rates to which he is entitled as a member of the Indian Medical Service (Crown Representative's cadre). His travelling allowance on Government of Mysore service during his appointment will be met by the Government of Mysore at their rates. His travelling allowance in the exercise of his duties as Residency Surgeon will be met by the Crown Representative.

(10) He will be permitted, as at present, to act as the medical officer supervising the Coorg Medical Department. For this purpose he will be permitted to visit Coorg for inspection. For these visits travelling allowance will be met from Coorg Revenues.

(11) As at present he will act as adviser to the Resident and Chief Commissioner in medical matters and will undertake work for ~~him~~ in this behalf.

(12) He will be allowed to undertake private practice on the same terms as at present.

(13) His joining time at the beginning of his appointment or when he returns from leave will be regulated by the appropriate rules of the lending Government.

(14) Leave vacancies will ordinarily be filled by another lent officer, obtained on the same terms and conditions of service.

(15) The powers of the Chief Medical Officer will be as further detailed in Schedule 20—" Medical ".

5. If an officer is appointed who is not a lent officer, he and his staff will continue to perform the same service on behalf of the Resident ~~and Chief Commissioner~~ and his staff on the same payment from the Crown Representative to the Government of Mysore, and if the Resident so desires, will continue to be the Resident and Chief Commissioner's adviser on medical matters pertaining to the Residency and Coorg on the terms of clauses 9, 10 and 11 above.

## 18. Police.

The Government of Mysore will pay the cost of the acquisition of land, erection of buildings, etc., required for the police of the Administered Areas. ~~The total cost (excluding a small amount for the Residency outpost which has been included in Schedule 17 "General Administration") is estimated at Rs. 1,72,081.~~

2. The posts of sergeants in the Civil Station Police Force will be reserved for Anglo-Indians and Europeans as at present.

3. The Government of Mysore will permit the Commissioner of Police in the Civil Station, so long as he is an officer of the Indian Police, to act as the Inspecting Officer of the Administered Areas and Railway Police. For these inspections Rs. 400 per annum and travelling allowance will be paid from the Administered Areas' Budget to the Inspecting Officer.

4. The Magistrates and Police officers of the Administered Areas will be allowed to hold investigations and inquests in the hospitals of the Civil Station in cases concerning the Administered Areas. Medical officers in those hospitals will be notified by the Resident for the purpose of performing *post-mortems* on bodies in cases where the Administered Areas are concerned and of giving evidence afterwards in the Administered Areas Courts.

5. The provisions for co-operation in force before retrocession between the City and the Civil and Military Station Police will continue. The police of both areas will co-operate in every way possible.

6. The provisions ~~provided~~ contained in Schedule 5—"Civil Disturbances," ~~regarding action by troops of the British Government and the Government of Mysore~~ in dealing with civil disturbances on the border of the Administered Areas and the Civil Station will be applicable ~~also to~~ when similar action is taken by the police of either area.

which relate to military action

## 19. Education.

make suitable

The Government of Mysore will guarantee to maintain minimum budgetary provision at not less than the average budget figures for the years from 1937-38 until the last budget before retrocession for educational grants for teaching, boarding, furniture, building, cart-hire, manual training and scholarships separately for—

(1) St. Joseph's College.

(2) European Schools.

(3) Indian Secondary Schools (excluding grants for net cost schools referred to in paragraph 7).

(4) Indian Primary Schools (excluding Municipal Schools).

The grant to St. Joseph's College will be paid irrespective of the University to which it is affiliated.

2. The Grant-in-aid Code for European Schools will continue to be followed after retrocession. No amendments shall be made to this Code except after consultation with the Provincial Board for European and Anglo-Indian education (see paragraph 14 below) and the Resident's concurrence will be obtained to amendments in the Code which involve a fundamental departure from its general principles or which will have the effect of lowering the grant allowed to any college or school or of making restrictions in the conditions under which the grant is given.

3. The Grant-in-aid Code for Indian Schools (including subsidiary orders (e.g., standard rates of fees) issued under or supplementing it and the portions of the Madras Educational Rules on which it is based or which are referred to in it) shall be followed in the Civil Station after retrocession. It is recognised that the Government of Mysore will desire to assimilate this Code and the similar Code in force in the Mysore State as soon as possible. The Government of Mysore will propose amendments to this Code as in force in the Civil Station to provide for the assimilation of the two Codes only after consultation with the managing authorities of the schools affected and the Resident's concurrence will be obtained before the Codes are assimilated by such amendment.

4. Grants to individual schools and colleges shall not be on a lower scale than before retrocession, subject to the method of calculation laid down in the Codes.

5. Students from any school or college in the Civil Station will be equally eligible for the grant of scholarships under the existing rules, to whatever University they are proceeding. The number and rates of scholarships to students at Indian Schools and the rates of scholarships to students at European Schools are noted in the Codes. The number of European scholarships will be on the same scale as before retrocession.

6. The rules for the Teachers' Provident Fund in Indian Secondary Schools will be continued and will be applied at least to the following four schools to which the scheme applies at present:—

St. Joseph's Indian High School;

R.B.A.N.M.'s High School;

St. Aloysius' Secondary School; and

C.V.S. Sabha School.

The fund will be governed by the Provident Fund Act in force in the Civil Station. Contributions to the fund will be deposited in the Mysore Government Savings Bank.

7. The Government of Mysore will continue to pay the net cost of the Kamala Bai Girls' High School and the R.B.A.N.M.'s Industrial School according to the provisions noted below :—

(a) *Kamala Bai Girls' High School.*—The payment of grant on the net cost basis applies only to the teaching grant and is subject to budget provision. The Resident has fixed the maximum budget provision at Rs. 8,000 and the payment of the grant will therefore be subject to this upper limit. The net cost principle does not apply to other grants such as building, furniture, scholarships, etc. Such grants in the case of this school are regulated as in the case of other schools and are included in the budgetary provisions referred to in paragraph 1.

(b) *R.B.A.N.M.'s Industrial School.*—The net cost of the school is being paid every year (including stipends and technical appliances, timber, etc., required). The grant is subject to a maximum budget provision of Rs. 4,200. If the net cost grant to be sanctioned to either of these schools is less than the maximum grant admissible to those schools, then the difference will be added to the minimum budgetary provision under Indian Secondary Schools.

8. The Government of Mysore will continue to pay the actual cost of the following Municipal Schools :—

[This excludes the cost of repairs to buildings which is paid by the Municipality. The cost of furniture, books, maps, etc., is noted separately below.]

(a) *3 Primary Schools : Higher Elementary Grade only—*

(i) Blackpally Higher Elementary School for Boys.

(ii) Austin Town (Ookadapalyam) Girls' School.

(iii) Arab Lines Muhammadan Girls' School.

(iv) Blackpally Hindu Girls' School.

(v) Joughpalyam Hindu Girls' School.

(vi) Ulsoor Muhammadan Girls' School.

(vii) Fraser Town Hindu Girls' School.

(viii) S. N. Rao's Hindu Girls' School.

(ix) Thimmiah Road Panchama Girls' School.

(x) Knoxpet Panchama Girls' School.

(xi) Narain Pillay Street Muhammadan Girls' School.

(xii) Vellagowdanpalyam Muhammadan Girls' School

9. The Government of Mysore will continue to pay the following grants to the Municipality :—

(a) Actual cost of relieving mistress.

(b) Actual cost of furniture, books, maps, etc., in the schools noted in clauses (a), (b) and (c) above.

(c) Actual cost of medical inspection of pupils in all Municipal Schools.

10. No change will be made in the system of management of any college or school without the consent of the managing authorities.

11. No change will be made in the medium of instruction of any college or school without the consent of the managing authorities.

12. A senior European member of the Mysore Educational Service or of educational experience will be appointed as Inspector of European and Anglo-Indian Schools in the Civil Station.

13. The Inspector of Indian Schools in the Civil Station will inspect the following schools in the Administered Areas :—

(a) Artillery Lines Primary School.

(b) Q.V.O. Madras Sappers and Miners' Primary Schools (three).

(c) Government Elementary School, Indian Institute of Science.

(d) Industrial School, Muhammadan Orphanage,

and the Inspector of European Schools in the Civil Station will inspect the Methodist Mission School, East Parade, which will be in the Administered Areas. Inspections will be one per year and the following fees will be paid from the Administered Areas' budget :—

| | | |
|---|---|---|
| Indian Schools ... | ... | Rs. 10 per inspection. |
| Methodist Mission European Primary School ... | ... | Rs. 15 „ |

14. A Provincial Board will be formed for European and Anglo-Indian education in Mysore State with representation on the Inter-Provincial Board. Its constitution, powers and duties will be as noted in the Appendix to this Schedule. The Provincial Board will be represented on the Inter-Provincial Board and will be in the same relation to that Board as existing Provincial Boards.

15. The terms of the deeds executed by the British Government and educational authorities regarding educational buildings erected and land bought for educational purposes with the aid of Government grants will be confirmed.

16. The European High and Middle School Examinations will be continued on the same system and with the same curriculum subject to the acceptance in future of any uniform examination scheme which may be agreed upon by the Inter-Provincial Board. The examinations will be set as heretofore by the Board of Examiners consisting of the heads of European Schools, sitting with the Inspector of European Schools in the Civil Station.

17. Examinations of all schools and colleges in the Civil Station will be given the same recognition as similar examinations of other schools and colleges in Mysore State for the purpose of entry into the Mysore Government Service.

18. The present arrangement for the training of teachers in European Schools will be continued.

He shall arrange for the payment of travelling and halting allowance to the members eligible for it.

He shall conduct the official correspondence of the Board under the authority of the President.

9. *Ordinary meetings.*—The first meeting of the Board shall be convened as soon as convenient after the publication of the names of the nominated members of the Board in the *Mysore Gazette.*

The Board shall meet ordinarily twice a year, once in January and once in June for the purpose of discharging the functions described in paragraph 5.

At the June meeting an abstract of the budget with a brief explanatory memorandum shall be furnished by the Director of Public Instruction to the Secretary, who shall send copies to the members of the Board not less than three days before the meeting.

10. *Special meetings.*—The President may, at his discretion, summon a special meeting of the Board, and shall call such a meeting at any time upon a requisition signed by not less than four members of the Board and stating the business to be brought before the meeting. The notice and agenda paper of such a meeting shall be sent by the Secretary to each member not less than seven clear days before such meeting.

11. *Quorum.*—Five members, excluding the Secretary of the Board, shall constitute a quorum. All questions shall be decided by a majority of the votes of the members present, and the President shall have a casting vote. If at any meeting the President or Vice-President are both absent, the members present shall elect a President for that meeting.

12. *Appointment of Committees.*—The Board shall have power to appoint committees consisting of the members of the Board and of such other persons, if any, as the Board in each case may think fit, to advice the Board on any matters on which the Board considers such advice necessary.

A permanent sub-committee called the Examination Board, consisting of the heads of High and Middle Schools, shall be formed to be responsible for the conduct of the Bangalore European High and Middle School Examinations.

13. *Powers of the Board to make Bye-Laws.*—The Board may make bye-laws consistent with these rules :—

(1) Providing for the giving of notice to the members of the Board of the date of meetings and of the business to be considered at them, the conduct and adjournment of meetings, the procedure to be observed at meetings, the transaction of business generally and the keeping of a record of the proceedings of meetings.

(2) Providing for the constitution, powers and duties of committees appointed by it and for the conduct of, and the transaction of business at, the meetings of such committees.

(3) Providing for all other matters solely concerning the Board and its committees and not provided for by the rules.

Copies of the bye-laws made by the Board, from time to time, shall be supplied to the Government of Mysore.

14. *Record of Proceedings.*—The minutes of proceedings of the meetings of the Board shall at all reasonable times be open to inspection by any member of the Board.

## 20. Medical

1. All British Government servants serving under the Resident ~~or the Chief Commissioner of Coorg~~, all Cantonment Board servants (non-military personnel) serving in the Administered Areas, and all servants of the Government of Mysore and the Municipality of the Civil Station serving in the Civil Station will be treated as 'out' and 'in' patients in the civil hospitals of the Civil Station on the same terms as hitherto.

2. Central Government servants serving in Bangalore and not under the control of the Resident ~~or the Chief Commissioner of Coorg~~ (Posts and Telegraphs Department, Railway Mail Service, Survey of India, Imperial Dairy Institute), will be treated as 'out' and 'in' patients in the civil hospitals of the Civil Station on the same terms as for the Government servants mentioned in clause 1 above. The Chief Medical Officer will perform the same functions for the gazetted officers of these Central Departments as for the Resident and his staff, and medical officers subordinate to him will perform the same functions for subordinate Government servants in these departments as for the subordinate staff referred to in clause 1.

Senior Govt. Inspector of Railways and his staff

3. The departments of the Central Government will make an annual contribution of Rs. 2,300 to the Government of Mysore to cover the extra expenditure required in the civil hospitals for out-patient work of the Central Government servants. The allowances now paid by the Central Government Departments to the military Sub-Assistant Surgeon for visits to patients of the Imperial Dairy Institute and the Survey of India will be paid to the medical officers nominated by the Chief Medical Officer.

4. The Government of Mysore will take over the Staff Surgeon's Dispensary and attached buildings on payment of Rs. 18,837, being the estimated cost of replacing in the Administered Areas such of the buildings as are still required.

5. The reciprocal arrangements between the hospitals of the Civil and Military Station, Bangalore, and the Madras Government for the treatment of officers will cease on retrocession.

6. The civil hospitals and dispensaries in the Civil Station will be open to the population of the Civil Station and the Administered Areas on the same terms.

7. The following provisions will be made for the upkeep of the Bowring, Lady Curzon, Haji Sir Ismail Sait's and Isolation Hospitals. [These proposals may be varied by the Government of Mysore in agreement with the Chief Medical Officer.

If any disagreement should arise the matter will be discussed between the Government of Mysore and the Resident. These provisions will be reviewed if the Chief Medical Officer ceases to be a lent officer.]

It is understood that the Government of Mysore intend that the hospitals should continue to function after retrocession on the existing lines, and that retrocession will not involve any reduction in the general scale of expenditure or staffing of the hospitals.

[(i) The budgetary provision of these hospitals sanctioned in the year before retrocession will be treated as the minimum budgetary provision after retrocession subject to normal fluctuations which will be sanctioned by the Government of Mysore in consultation with the Chief Medical Officer. The Government of Mysore will not abolish any posts in the hospitals without the concurrence of the Chief Medical Officer.]

(ii) *Staff.*—The terms of the present staff will be in accordance with the terms proposed in the general note regarding Government and Municipal servants. The terms of future staff will be not less favourable than for similar posts in the Mysore Medical Service.

(iii) The terms of employment of future incumbents of the following posts will be not less favourable than at present and these posts will continue to be manned by Europeans or Anglo-Indians :—

(a) Matron (Lady Superintendent), Bowring and Lady Curzon Hospitals.

(b) Sister-Tutor, Bowring and Lady Curzon Hospitals.

(c) Salaried Nursing Sisters, Bowring and Lady Curzon Hospitals.

(d) Matron of the Isolation Hospital.

(e) Home Sister, Bowring and Lady Curzon Hospitals.

The contract forms for the recruitment of the Nursing Staff which are now in use will be retained subject to suitable verbal alterations. The Chief Medical Officer will sign such contracts on behalf of the Government of Mysore.

(iv) The number of salaried Nursing Sisters will be not less than five.

(v) The Lady Chelmsford School of Nursing will be carried on under existing conditions and no change in the detailed arrangements and curriculum for the training in nursing of probationers or probationary midwives will be made, without the concurrence of the Chief Medical Officer, who will, when necessary, obtain the approval of the Trained Nurses' Association of India.

(vi) The two House Surgeons of the Bowring and Lady Curzon Hospitals are lent officers of the Madras Government. They will be retained until either the Chief Medical Officer or the Madras Government desire their transfer. On their transfer the posts will be filled by officers of the Mysore State Service of equivalent qualification selected by agreement between the Senior Surgeon in the Mysore State and the Chief Medical Officer.

8. The Chief Medical Officer will have the same powers as the Senior Surgeon of the Government of Mysore subject to the following points :—

(1) Appointments in the hospitals of the Civil Station requiring the sanction of Government of Mysore will be made on the recommendation of the Chief Medical Officer. He will have the discretion to recommend any person for appointment to the medical and Nursing Staff in the hospitals whom he considers best suited to the post, preference being given to subjects of His Highness the Maharaja where other qualifications are equal.

(2) The Chief Medical Officer will have the discretion to purchase in special cases surgical instruments from supplying firms directly. In ordinary cases, he may get them from supplying firms which he selects through the Stores Purchase Committee. He will as far as possible obtain drugs and medicines from the Medical Stores. He will be allowed the option of purchasing medicines and drugs direct from suppliers if a particular quality is considered essential by him. These purchases will be limited to the budget allotment. In the case of special purchases made by the Chief Medical Officer as indicated above, he will make a report to the Government of Mysore.

(3) The Chief Medical Officer will possess the following powers :—

(i) To refund amounts due to patients out of advances received from them.

(ii) To write off losses of articles of linen up to Rs. 200 per annum in all.

(iii) To write off irrecoverable amounts due to Government from paying patients up to Rs. 500 per annum in all.

(iv) To reduce or remit hospital charges when the means of the patient or of those responsible for the patient do not admit of all or partial payment.

(v) To make contracts, deeds and other instruments in connection with the administration and working of the department generally, and in connection with the employment of persons in the service of the Government of Mysore, subject to the condition that tenders above Rs. 10,000 will require the approval of the Government of Mysore.

9. Lepers and mental patients from the Administered Areas will continue to be accommodated in the same institutions as at present on payment of actual charges from the budget of the Administered Areas, according to the arrangements in the Civil and Military Station before retrocession. The Chief Medical Officer will be one of the ~~official~~ visitors of the Mental Hospital for patients belonging to the Administered Areas and the Civil Station.

10. The Cantonment Board will pay an annual contribution of Rs. 300 to the Municipality of the Civil Station for the Isolation Hospital which will continue to take in-patients from the Administered Areas on the same terms as at present and to which the Cantonment Board will be permitted to send patients under section 175 of the Cantonments Act. This contribution is calculated on a proportionate population basis and may be revised by agreement between the Cantonment Board and the Municipality. In the event of a severe epidemic of infectious or contagious disease, the Isolation Hospital may be used for the accommodation of military personnel entitled to treatment in military hospitals, as well as for the civil population. In such circumstances the actual cost of each military patient will be paid by the military authorities.

## 21. Civil Works.

The Government of Mysore will maintain at their own cost the following roads within the Administered Areas :—

(d) has been ordered under Chapter VIII of the Code of Criminal Procedure, 1898, wherever that Code is applicable or under Chapter VIII of the Code of Criminal Procedure, 1904, as in force in the Mysore State to execute a bond for his good behaviour,

may record in writing the substance of the information received, and may issue a summons to such person requiring such person to appear and show cause why he should not be required to remove from the Station and be prohibited from re-entering it.

(2) Every summons issued under sub-section (1) shall be accompanied by a copy of the record aforesaid, and the copy shall be served along with the summons on the person against whom the summons is issued.

(3) The Magistrate shall, when the person so summoned appears before him, proceed to inquire into the truth of the information received and take such further evidence as he thinks fit, and if, upon such inquiry, it appears to him that such person is a person of any kind described in sub-section (1) and that it is necessary for the maintenance of good order in the Station that such person should be required to remove therefrom and be prohibited from re-entering the Station, the Magistrate shall report the matter to the District Magistrate and, if the District Magistrate so directs, shall cause to be served on such person an order in writing requiring him to remove from the Station within such time as may be specified in the order and prohibiting him from re-entering it without the permission in writing of the District Magistrate.

Removal and exclusion of seditious persons.

167C. (1) If any person in the Station causes or attempts to cause or does any act which he knows is likely to cause disloyalty, disaffection or breaches of discipline amongst any portion of the troops of the Army or Air Force in India or is a person who, the District Magistrate has reason to believe, is likely to do any such act, the District Magistrate may make an order in writing setting forth the reasons for the making of the same and requiring such person to remove from the Station within such time as may be specified in the order and prohibiting him from re-entering it without the permission in writing of the District Magistrate :

Provided that no order shall be made under this section against any person unless he has had a reasonable opportunity of being informed of the grounds on which it is proposed to make the order and of showing cause why the order should not be made.

(2) Every order made under sub-section (1) shall be sent to the Commissioner of Police who shall cause a copy thereof to be served on the person concerned.

(3) Upon the making of any order under sub-section (1), the District Magistrate shall forthwith send a copy of the same to Government.

(4) Government may, of its own motion, and shall, on application made to it in this behalf within one month of the date of the order by the person against whom the order has been made, make an inquiry regarding the justice of the order and the necessity therefor. At every such inquiry the person against whom the order has been made shall be given an opportunity of being heard in his own defence.

(5) Government may, at any time after the receipt of a copy of an order sent under sub-section (3), or where an enquiry has been ordered under sub-section (4), on the conclusion of that enquiry if it is of opinion that the order should be varied or rescinded, make such order thereon as is thought fit.

(6) Any person who has been excluded from the Station by order made under this section may, at any time after the expiry of one month from the date thereof, apply to Government for the rescission of the same and, on such application being made, Government may, after making such inquiry, if any, as is thought necessary either reject the application or rescind the order.

167D. Whoever—(a) fails to comply with an order issued under this chapter within the period specified therein, or, whilst an order prohibiting him from re-entering the Station without permission is in force, re-enters the Station without such permission, or

Penalty.

(b) knowing that any person has, under this chapter, been required to remove from the Station and has not obtained the requisite permission to re-enter it, harbours or conceals such person in the Station,

shall be punishable with fine which may extend to two hundred rupees, and in the case of a continuing offence, with an additional fine which may extend to twenty rupees for every day after the first during which he has persisted in the offence."

In section 170, clause (1) for "In cases of emergency the Resident" read "Government may—

(a) in cases of emergency,

(b) in the fulfilment of their obligations under any agreement made by them with the ~~British Government;~~ Crown Representative or

(c) for the purpose of providing for any matter specified in section 136B".

In section 171 omit sub-section (2). (Vide slip)

In section 174, clause (1) omit "with the previous sanction of the Governor-General in Council" and the proviso.

In section 175, clause (r) omit "and". Add as clause (s) "to provide for any action necessary under the provisions of section 170; and". Renumber clause (s) as clause (t).

In section 179 for "1882 as applied to the Station" read "1904 as in force in the Station".

Omit section 185.

In section 186 (1) (c) omit "for the time being in force in the Station".

Omit section 189.

## 25. Octroi.

1. Octroi will be levied by the Civil Station Municipality on articles coming into the Cantonment and will not be levied separately by the Cantonment Board.

2. The octroi officers of the Civil Station Municipality may act in execution of their duties within the Cantonment and under the provisions of the Cantonments Act as applied to the Bangalore Cantonment will have the same powers within the Cantonment as within the Civil Station by virtue of the provisions of the Bangalore Municipal Law.

3. The Cantonment Board will issue bye-laws under the Cantonments Act providing that goods liable to payment of octroi duty within the Civil Station will also be liable to payment of duty in the Cantonment at the rates in force in the Civil Station and that such goods must be brought into the Cantonment by the routes and past the stations specified in the relevant notifications of the Civil Station Municipality.

4. It is preferable that octroi administration should, as far as possible, be confined to the Civil Station. The Government of Mysore will therefore establish at their own cost within the Civil Station two new octroi posts in place of the posts at Kulpally and the Cantonment Railway Station which will be within the Administered Areas. If it is subsequently necessary to establish posts within the Cantonment, this will be arranged by agreement between the Municipal Commission of the Civil Station and the Cantonment Board.

5. The Municipal Commission of the Civil Station and the Cantonment Board will together make an agreement providing for the following matters :—

(1) Financial adjustments.

(2) That the rates of octroi should not be increased, nor the list of objects subject to octroi added to nor any new terminal tax or toll imposed on goods entering the Civil Station except by agreement with the Cantonment Board.

Under section 45 (2) of the Cantonments Act as applied to the Bangalore Cantonment, disputes concerning the agreement between the Civil Station Municipality and the Cantonment Board will be referred by the Cantonment Board to the Resident. These disputes will be decided by the Resident and the Government of Mysore.

6. The subvention payable by the Civil Station Municipality to the Cantonment Board will be initially Rs. 3,500 per annum. This figure has been calculated on the basis of the proportionate population figures. The subvention will be proportionately varied in accordance with variations in the octroi revenue in subsequent years or by such other means as may be agreed on between the Cantonment Board and the Civil Station Municipality.

7. The Government of Mysore will ensure that the Municipal Commission of the Civil Station make the following provisions in order to continue existing conditions affecting the Administered Areas :—

(1) that the exemptions specified in notification No. T. 686, dated the 11th November 1925 (copy in the Appendix) shall be continued in respect of the Administered Areas and on goods which are the property of the British Government,

(2) that as at present a refund will be allowed on octroi duty charged on articles used in regimental institutes.

# APPENDIX.

## NOTIFICATION.

No. T. 686, dated 11th November 1925.

The Hon'ble the Resident having confirmed the Commission's Resolution No. I, dated the 17th October 1925, reaffirming their Resolution No. I, dated the 27th August 1925, that octroi duty be levied with effect from the 1st January 1926 on the articles specified in the revised schedule appended below, it is hereby notified under the provisions of section 44 (8) of the Bangalore Municipal Law, 1897, that the imposition of the tax on the articles mentioned in the said revised schedule at the rates specified therein will take effect from the 1st January 1926 :—

License fees on taxed articles to be as before the 1st October 1924.

## 26. Motor Vehicles

The Government of Mysore will undertake all registration, taxation and licensing of motor vehicles and drivers on behalf of the Administered Areas. For this purpose the Motor Vehicles laws and rules in force in the Mysore State will be applied to the Mysore Administered Areas as a local law and rules with suitable modifications.

2. The Mysore Traffic Board will act for the Administered Areas as well as for the rest of the State. It will include the following members :—

(1) The Superintendent of Police, Administered Areas.

(2) The President, Civil Station Municipality.

(3) The Commissioner of Police, Civil Station.

3. Where any refusal, suspension or cancellation of a license, certificate or permit or any disqualification is ordered by the Traffic Board or any subordinate authority in exercise of their function as registering or licensing authorities in the Administered Areas, an appeal or revision will lie to the Resident in such matters in regard to which such appeal or revision is allowed under the rules in force in the rest of the Mysore State to the Government of Mysore.

4. All licenses, permits, certificates, etc., valid within the Civil and Military Station before retrocession will be held to be valid after retrocession for such period and on such terms as they would have remained valid if retrocession had not taken place. After the expiry of the period of their validity, such licenses, permits, etc., will be treated as existing Mysore licenses, permits, etc., for the purpose of their renewal and will be renewed on the same terms as such licenses or permits renewed in the rest of the Mysore State.

5. The Government of Mysore will grant exemptions from motor vehicles taxation to—

(1) (a) Motor vehicles belonging to the Crown Representative.
(b) Do. Central Government.
(c) Do. Cantonment Board.
(d) Do. Civil Station Municipality.

(2) Motor vehicles belonging to members of the Bangalore contingent of the A.F. (I) on the terms laid down in Notification of Government of Mysore No. T. 1222-R.T. 9-37-57, dated the 28th October 1938.

6. (a) Government Departments in the Administered Areas will purchase licenses for the officers holding posts equivalent to posts, the holders of which were exempt in the Civil and Military Station from motor vehicles taxation before retrocession.

(b) Government Departments responsible for the Civil Station will purchase licenses for officers transferred on retrocession from service in the Civil and Military Station, who held before retrocession or are promoted subsequently to retrocession to posts, the incumbents of which were granted exemption from motor vehicles taxation in the Civil and Military Station before retrocession. The Government of Mysore will regard this expenditure as legitimate contingent expenditure of the Department concerned.

(c) The Municipal Commission of the Civil Station may purchase licenses for Commissioners and for any Municipal employees holding posts, the holders of which were exempted from motor vehicles taxation before retrocession. The Government of Mysore will add every year the monetary value of such licenses to the subvention granted by them to the Municipal Commission under paragraph 9 of this schedule.

(d) The Cantonment Board may purchase licenses for members of the Board and Cantonment Board officers doing outdoor work.

7. The Motor Vehicles Law in Mysore State will be amended on the lines of the Indian Motor Vehicles Act, and provision will be made before retrocession that valid registration of motor vehicles made in British India is recognised within the Civil Station for a period of one year after the owner comes to reside in the Station. The Government of Mysore will give the Resident early information of all amendments made to the Mysore Motor Vehicles Acts and Rules.

8. The Government of Mysore will grant an annual subvention to the Cantonment Board and the Civil Station Municipality in order to compensate them for the loss of the right of motor vehicles taxation possessed prior to retrocession by the Municipality of the Civil and Military Station. The subvention will be calculated as follows:—

The total gross revenue obtained from motor vehicles taxation by the Civil and Military Station during the financial year previous to retrocession *minus* collection charges as charged in the Mysore State will be the subvention to be paid for the first year after retrocession. The sum will be expressed as a percentage of the total gross receipts from motor vehicles taxation in the Mysore State for the year before retrocession. The subvention for subsequent years will be this percentage of the gross motor vehicles taxation in the Mysore State for the year previous to the year for which the subvention is to be paid *minus* the collection charges as charged in the Mysore State. Since the collection charges in the Mysore State are higher than the cost of collection in the Civil and Military Station before retrocession, the Government of Mysore will add to the subvention payable to the Civil Station Municipality and the Cantonment Board a grant of any excess over 4 per cent levied as collection charges. The subvention will be divided between the Civil Station Municipality and the Cantonment Board proportionately according to the mileage of roads maintained by each body from their own funds in the year after retrocession. Subsequent changes in these road mileages will not be taken into account in fixing the division of the subvention proportionately between these two bodies.

## 27. Churches.

1. The following provisions will be made regarding St. Mark's and St. John's Churches, which will be in the Civil Station :—

(a) The ~~land and~~ Churches and the sites thereof will continue to vest in the ~~British Government~~ Crown and the attached buildings in the Indian Church Trustees, and no fresh impositions in respect of the sites will be made.

(b) The Churches will be maintained by the Mysore Public Works Department at the cost of Central Revenues.

(c) Estimates for establishment, repairs, etc., will be forwarded to the Residency by the Government of Mysore after counter-signature by the Chaplain.

(d) Vide slip.

2. The Government of Mysore will place no restrictions on the attendance at all Churches by persons entitled to ecclesiastical ministration from the Government of India, both civil and military (the latter in armed bodies when so required by the military authorities).

---

"(d). If at any time the Churches are removed from the list of Maintained Churches, the Churches and the sites thereof will vest in the Indian Church Trustees and will be maintained by them at their cost."

## 28. Cemeteries.

| | | *Jains.* | |
| 23. | Hosur Road. | Jain. | Municipal Commission. |

2. Cemeteries vesting in the ~~British Government~~ Crown will continue so to vest ~~in them~~ and no fresh impositions in respect of the lands will be made. They will be maintained by the Mysore Public Works Department at the cost of Central revenues. Estimates for their maintenance will be sent by the Government of Mysore to the Residency after counter-signature by the Chaplain of the cemetery.

3. Cemeteries vesting in the Municipal Commission, or a religious community or an individual will continue to vest in the same authority and will be maintained and regulated as previously.

4. All existing cemeteries in the Civil Station and in the Administered Areas will be open to residents of both areas on the same terms and in accordance with the regulations and conditions existing previously.

5. Existing endowments for all tombs and cemeteries in the Civil Station will continue to vest in the ~~British Government~~ Crown. Funds for the maintenance of war graves will be provided as at present by the Imperial War Graves Commission through the Government of India.

6. It is not proposed to open any new cemeteries within the Administered Areas.

7. Under sections 69(2) (k) and 107 of the Bangalore Municipal Law the Municipal Commission are required to provide cemeteries and burning grounds for Christians according to their sects and to other communities. The Christian cemeteries may be open to Europeans and Indians, but certain areas within them should be reserved for the burial of Government servants (civil and military). All future cemeteries in the Civil Station will be open to the inhabitants of both areas on equal terms.

8. Endowments of tombs of ~~Government~~ servants of the Crown and members of their family will ~~in future~~ vest in the ~~British Government~~ Crown.

9. The Government of Mysore will ensure that all cemeteries and burial grounds are maintained up to a proper standard and without causing any offence to the Administered Areas.

10. The Government of Mysore will obtain the previous approval of the Resident before the Municipal Commission opens any new cemeteries or burning grounds on the Administerd Areas' border and before any new cemetery is opened in which Christian Government servants will be buried.

11. Armed bodies of troops will be permitted at any time to pass through areas under Mysore jurisdiction for the purpose of attending burials.

## 29. Grants to Religious and Charitable Institutions.

The following recurring grants are now paid to Charitable institutions within the Civil and Military Station :—

| | Per annum. Rs. | a. | p. |
|---|---|---|---|
| (1) Church of England Zenana Mission Tuberculosis Hospital ... ... | 8,000 | 0 | 0 |
| (2) St. Martha's Hospital, Bangalore City ... | 2,400 | 0 | 0 |

| (5) Certain Hindu temples in Ulsoor ... | 261 | 12 | 0 |
| (6) Govinda Chetty's Choultry ... | 800 | 0 | 0 |

The Government of Mysore undertake to maintain the present level of these grants so long as the following three conditions are satisfied :—

(1) The work or service performed by the institution or society concerned continues to be performed without material alteration.

(2) The institution or society has not received after retrocession such permanent endowment from other sources as to make Government support unnecessary.

(3) The institution or society does not deviate materially without the sanction of Government from any guarantees made as conditions of the grant. (The existing guarantees from the Church of England Zenana Mission Hospital will be maintained.)

Reduction of the grants will not be sanctioned for any other reason without the concurrence of the Resident.

2. The following institutions, etc., are in receipt of periodical grants :—

(i) Boy Scouts Association.

(ii) Girl Guides Association.

## 31. Miscellaneous.

1. *Recruitment for the Army in India.*—The Indian Army recruiting organisation will be allowed to continue to function in the Civil Station. This activity will be subject to the general principles in regard to recruitment for the Indian Army in an Indian State territory, which are as follows :—

When the Government of an Indian State feels that recruitment for their own military forces is likely to be prejudiced by unrestricted recruitment in their territory for the Indian Army, the question of the conditions on which recruitment for the Indian Army should continue is a matter for discussion between the Darbar, the Political authorities and the Recruiting Officer concerned. Due regard will be paid to the wishes of the Darbar concerned, especially when the State participates in the Indian States Forces Scheme. If local discussions lead to no agreement, the question will be referred for the orders of the Crown Representative.

2. *Resettlement of villages.*—Operations for the resettlement of villages within the Bangalore Civil Station will not be started within three years after retrocession except after prior consultation with the Resident.

3. *Dhoby Ghats.*—Civil dhoby ghats in the Administered Areas and in the Civil Station will be open to dhobies of either area on the same terms.

4. *War Memorial.*—Services will be held at the War Memorial as heretofore by the Resident and the General Officer Commanding, Madras District, with the attendance of armed bodies of British troops.

5. *Cow slaughter.*—The Government of Mysore agree that cow slaughter and the sale of beef shall continue to be allowed in the Civil Station after retrocession. It will be regulated by the Bye-Laws and Rules made by the Municipal Commission under sections 105 and 106 of the Bangalore Municipal Law applicable to the slaughter of all animals. The Government of Mysore will ensure that the military authorities will have no difficulty in procuring cattle required for the military slaughter-houses within the Cantonment.

6. *Music before religious buildings.*—Under section 23 of the Bangalore Police Law, the Commissioner of Police, Civil and Military Station, is given complete power to control music in streets and public places within the Civil and Military Station. Under these powers he has issued a notice No. 753/M/28, dated the 8th October 1928, under which no music may be made in any street unless a license has been obtained from the Commissioner of Police. According to the form of this license the licensee is responsible for stopping music when passing places of worship of other castes and creeds.

The Government of Mysore agree to maintain this position.

7. *Imperial Bank.*—No discriminatory legislation materially affecting the Imperial Bank of India will be passed in the Mysore State, the provisions of which would not equally apply to other Banks conducting business in the Mysore State. The Imperial Bank of India will be free to conduct its business in Bangalore and elsewhere in the Mysore State on equal footing with other Banks as hitherto.

8. *Passage of troops of the Army in India through territory under Mysore jurisdiction.*—(1) General permission is given for Army in India troops to pass through and train in territory under Mysore jurisdiction, as at present, and to move within the Bangalore Civil Station on the same terms as they move at present within the Civil and Military Station. This general permission will include permission for troops to attend funerals, Church Services, War Memorial Services, etc.

(2) The Bangalore Civil Station will be in bounds for Army in India troops, subject to the orders of the military authorities.

9. *Veterinary Hospital.*—The Veterinary Hospital will be maintained up to the same standard in respect of treatment, staff, equipment, etc., as at present. It will be open to the residents of the Administered Areas and the Civil Station on the same terms. The present incumbent of the post of Veterinary Superintendent will be permitted to undertake private practice out of hospital hours, as at present.

BANGALORE RETROCESSION.

C.P. 23/9/41

My Dear Kesavaiengar,

With reference to our conversation on the 18th July 1941, I am desired to forward informally, a set of the schedules relating to the retrocession proposals prepared in this Residency. I am to make it clear that these schedules represent only a compilation of points of agreement reached between the Residency and the Government of Mysore in the course of the negotiations which were put to them in the form of memoranda, and that they have not yet been approved by His Excellency the Crown Representative.

Yours sincerely
